Opportunity Description:

Background:

Pacific Gas and Electric Company (www.pge.com), a subsidiary of PG&E Corporation, is one of the largest combined natural gas and electric energy companies in the United States. Based in Oakland with more than 23,000 employees, the company is the primary natural gas and electric service provider for Northern and Central California. The company's 70,000-square-mile service area stretches from Eureka to the north to Bakersfield in the south and from the Pacific Ocean in the west to the Sierra Nevada in the east. PG&E delivers some of the nation's cleanest energy to 16 million people.

Pacific Gas and Electric Company (PG&E) was incorporated in California in 1905. Our customers include over 20,000 schools, 3,000 hospitals, 20,000 high-tech companies, and 700 military facilities. PG&E provides electricity to over 4.9 million customers and natural gas to over 3.9 million customers.

PG&E is committed to enhancing its supply base to include contractors who can contribute to PG&E's corporate values, including diversity, safety, environmental stewardship, and corporate integrity. The RFP evaluation process is intended to provide opportunities for successful firms to expand their business with PG&E, new firms to establish business with PG&E, and for PG&E to realize reductions in costs, both internal and external, while experiencing enhanced commitment to corporate values. This will be an exciting opportunity for PG&E and its suppliers – both current and new – to reshape the way we work together and to improve PG&E's operations.

Contract Opportunity Description:

General Scope of Work: Contractor shall at its own risk and expense perform the Work requested by PG&E as described in a Contract Work Authorization. The Work shall include all labor, supervision, equipment and materials required to operate or provide crane, rigging, and hauling services as requested by PG&E's Electric Transmission, Electric Distribution, Gas Construction and Substation business units. At all times, Contractor

shall operate with the degree of skill and care required to perform the Work safely and efficiently. Example of Contractor tasks include, but are not limited to lifting, reaching, and placing heavy loads such as moving transformers, replacing poles, supporting tower construction and maintenance, as well as supporting any other projects where crane equipment and services may be necessary.

Minimum Requirements to Participate:

- Contractors must be willing to be registered with ISNetworld ("ISN")
- Contractors must have a valid Contractors State License Board (CLSB) of California Classification (<https://www2.cslb.ca.gov/>):

Contractor shall maintain all documentation necessary to show the qualifications of said personnel, including training records. The documentation shall be available to PG&E upon PG&E's request. Contractor shall comply with the following requirements:

- * The State of California's (Cal/OSHA Standards) Division 1, https://www.dir.ca.gov/title8/ch3_2sb2.html.
- * California Code of Regulations, Title 8, Construction Safety Orders, <https://www.dir.ca.gov/title8/sub4.html>.
- * California Code of Regulations, Title 8, General Industry Safety Orders, <https://www.dir.ca.gov/title8/sub7.html>.
- * General Industry Safety Order, Group 13, Cranes and Other Hoisting Equipment. Article 98, Operating Rules, <https://www.dir.ca.gov/title8/sb7g13.html>
- * California Code of Regulations, Title 8, Section 5006.1, Mobile Crane and Tower Operator Qualifications and Certification (Applicable to Cranes in General Industry Only)

Supply Chain Responsibility Considerations:

The selected supplier is expected to align with PG&E's Supply Chain Responsibility policies and procedures. The supplier will be asked to provide a detailed description of their internal, specific supply chain responsibility program and practices related to supplier diversity, environmental sustainability and ethical business conduct.

Conduct Requirements:

Suppliers, as well as their employees, subcontractors and sub-suppliers, must adhere to the principles and standards outlined in our Supplier Code of Conduct as they provide goods and services to PG&E. Review Code and understand its obligations here:
