**QUESTION 03**

Regarding the overhead hardening component of system hardening conducted in 2020:

- a. Please provide the total length of bare wire conductor removed disaggregated by conductor size.
- b. Please provide the unit weight of bare wire conductor for each size category that was removed.
- c. Please provide the length of covered conductor installed disaggregated by underlying conductor size.
- d. Please provide the unit weight of covered conductor for each size category that was installed.

**ANSWER 03**

PG&E objects to this request because it is burdensome given the three-day data request response time in this proceeding. PG&E would be required to review individual project files and documents to obtain the information requested and doing so would require a substantial amount of time and resources.
