

Public Safety Power Shutoffs

Keeping you and your community safe from wildfires

To keep you safe, we may need to turn off power to prevent a wildfire when risk is high. This is a **Public Safety Power Shutoff (PSPS)**.

Resources to help you prepare

Explore backup power options

You may be eligible for our backup power programs.

Create an emergency plan

Learn about wildfire safety and recommended safety tips.

Sign up for Address Alerts

You can receive PSPS alerts for your work, child's school or a loved one's home.

Access more services and support

If an outage could affect your health or safety, we offer accessible assistance resources and programs like the Medical Baseline Program or Self-Identified Vulnerable Program for extra support.

How to stay informed during a PSPS

Notifications to keep you informed

Our goal is to notify you one to two days before a PSPS. We will send live updates by text, call, and/or email. Update your contact information at pge.com/myalerts.

How to find support during a PSPS

- ✓ Locate Community Resource Centers near you for basic supplies and charging stations. Visit pge.com/crc.
- ✓ For those with health and safety concerns, contact the California 211 Providers Network for help finding local hotel stays, ADA-accessible car rides and meal replacements. Dial **211**, text 'Prepare' to **211-211** or visit 211.org.
- ✓ View current outages and restoration times at pge.com/outages.

Building a stronger, more reliable system

Our teams are working every day to make the electric system safer and stronger for our customers.

Visit pge.com/progressmap to see our progress in your community.

For translation support in 240+ languages, or to request print materials in Braille, large print or audio, call **1-800-743-5000**.

Some of the measures included in this document are contemplated as additional precautionary measures intended to further reduce the risk of wildfires.
