

PG&E Demand Response Programs De-Enrollment Procedures

The table below presents the de-enrollment procedures for each PG&E DR program, rate program or pilot that conflicts with Rule 24 demand response. The de-enrollment process consists of three main steps: (1) initiating de-enrollment from the retail portion of the DR program; (2) end dating the customer's location registration in the CAISO's Demand Response Registration System (DRRS) for those programs that are integrated into the CAISO wholesale market; and (3) updating the Resource Registration in the DRRS to remove the end dated customer location. The DRRS location end date process and Resource Registration updating process for the wholesale component of the program is typically completed within 5 business days after the de-enrollment from the retail portion of the program is completed.

DR PROGRAM	IS PROGRAM MARKET INTEGRATED?	DE-ENROLLMENT PROCESS FROM THE RETAIL PROGRAM			
Automated Response Technology Program (ART)	Yes	Customers enrolled in the ART may contact Uplight by emailing support@SmartACpge.com or calling 844-923-0176 to unenroll. An unenrollment will be effective approximately 2-7 days after the de-enrollment request is received.			
Base Interruptible Program (BIP)	Yes	BIP customers, both directly enrolled customers and those customers in a DR aggregator's portfolio, may discontinue participation in the program once annually by providing a 30-day written notice for direct-enrolled customers or a signed "Delete" form for Aggregator enrolled customers during the month of November. The de-enrollment will be effective January of the following year. Click here to access the BIP program webpage.			
Capacity Bidding Program (CBP)	Yes	Aggregators may submit a "Notice to Add or Delete Customers Participating in the Capacity Bidding Program" via Form 79-1075, or utilize a PG&E approved electronic enrollment process, to remove a customer from their portfolio. PG&E will review and approve each SA ID before the SA ID can be deleted from an Aggregator's portfolio. De-enrollments will be effective upon the date indicated by the Aggregator or upon the first date which the SA ID is not actively nominated, whichever occurs first. If the de-enrollment request is submitted after the 15 th of the month for a SA ID that has been nominated for the following month, the customer cannot be removed from CBP until the end of the following month.			
		See example scenarios below showing how the customer's nomination status impacts the effective start date of the CBP de-enrollment			
		Date the delete form is submitted to PG&E	Was customer nominated to participate in CBP for the same month the delete form was submitted?	Was customer nominated to participate in CBP for the month following the month in which the delete form was submitted?	Date PG&E will start the de-enrollment process. De-enrollment is typically fully processed after 3 - 10 business days after this date.
