Contract Opportunity Title: Horizontal Directional Drilling/Prospecting and Excavation Support

Estimated Contract Value (Range): $1M - $5M

Work Location: Throughout PG&E Service Territory

Deadline: June 29, 2015 (4:00 p.m. Pacific)

Contract Opportunity Description:

PG&E is in the process of identifying companies that are able to provide Horizontal Directional Drilling and/or Prospecting and Excavation Support to install gas distribution facilities throughout our service territory. Specifically, PG&E is seeking companies with expertise and experience in the following fields:

- Furnish labor, equipment, and materials to provide horizontal directional drilling services to replace, modify or upgrade gas distribution systems as PG&E supported work and non-PG&E supported work.
- Work may include performing inspections of sewer mains, sewer laterals and storm drains with a video camera to document underground facilities pre-installation of underground gas facilities.
- Furnish labor, equipment, and materials to provide excavation of bell holes and pot holes, prospecting services, and vacuum excavation support to PG&E crews.

Interested participants must be prepared to meet all PG&E Specification Requirements which may be more stringent than industry standards and will be provided to those invited to participate. Inability to meet these Specifications will disqualify interested participants from this project.

All companies interested in responding to this Contract Opportunity Announcement must meet the following minimum requirements:
- Have a current Contractor's License Law, Chapter 9 of Division 3 of the Business and Professions Code of the State of California;
- Union contractor or signatory to labor union
- Been in business a minimum of two (2) years;
Have a Motor Carrier of Property Permit ("Motor Carrier Permit") as regulated under California Vehicle Code Sections 34600, 34601 and 34620

Insurance Requirements:
- WORKERS' COMPENSATION AND EMPLOYERS' LIABILITY, shall not be less than $1,000,000 for injury or death each accident
- COMMERCIAL GENERAL LIABILITY, shall not be less than $3,000,000 each occurrence for bodily injury, property damage and personal injury;
- BUSINESS AUTO, shall not be less than $1,000,000 each accident for bodily injury and property damage
- BUILDER'S RISK INSURANCE, An "all risk" Builders Risk insurance policy including earthquake and flood shall be maintained during the course of construction. Policy shall include coverage for materials and equipment to be used while at the site, offsite or while in transit to the site.

 Suppliers interested in this opportunity must provide their Statement of Qualifications no later than 4:00 p.m. (Pacific), June 29, 2015, to Olga Borjon, Supplier Diversity Consultant (b xo6@pge.com).

Those suppliers selected to participate in this project, will be invited and provided all the pertinent RFI/RFP details at a later date. Participation on this project will be by Invitation Only.

About Pacific Gas and Electric Company
Pacific Gas and Electric Company (PG&E), incorporated in 1905, is one of the largest combination natural gas and electric utilities in the United States. Our primary business is the transmission and delivery of energy to within our service territory. Based in San Francisco, the company is a wholly owned subsidiary of PG&E Corporation.

PG&E provides natural gas and electric service to approximately 14 million people throughout a 70,000 square mile service area in northern and central California. Our customers include over 20,000 schools, 3,000 hospitals, 20,000 high-tech companies, and 700 military facilities. As the primary natural gas and electric service provider for Central and Northern California, PG&E’s service territory stretches from Eureka in the north to Bakersfield in the south, and from the Pacific Ocean in the west to the Sierra Nevada in the east. PG&E provides electricity to over 4.9 million customers and natural gas to over 3.9 million customers.
