Customer Success Stories

Energy upgrades help customers stay in business

Children's Recovery Center in Campbell, CA faced funding cuts and was at risk of closing. Their management team had to act quickly so they contacted a local PG&E representative to identify simple and affordable energy efficiency measures it could use on [time-of-use rates](#). They received almost \$9,000 in rebates and incentives and saved over \$5,600 on its yearly energy bill. [See their full story](#) and find energy saving ideas to help your business.

Safety Tips

Heating and carbon monoxide safety tips

Did you know that there are hundreds of tragic cases of carbon monoxide poisoning in the U.S. each year? Make sure your natural gas furnaces and appliances are in working order. These [safety tips](#) can help you stay warm and safe during the cold months. If you suspect a problem with a natural gas appliance, call PG&E immediately at **1-800-743-5000**.
