

PG&E Distributor LED Replacement Lamps Program

Participating Distributors

PG&E has partnered with distributors throughout our service territory to offer incentives for ENERGY STAR® qualified LED replacement lamps to non-residential customers.

Contact participating distributors below who can assist you in choosing high quality, energy efficient lamps that can help reduce your energy costs. PG&E encourages you to contact a few of these participants as their offerings through this program may vary.

If you are a distributor wishing to participate in the program, please sign up on the Energy Insight Website at: www.pge.com/distributorprograms (hit the yellow “Energy Insight: Log In” button) and follow the steps to register.
