

Network Desktop Computer Power Management Software Vendor List

The below vendors' energy-efficient software satisfies the requirements outlined for compliance with PG&E's Network Desktop Computer Power Management Software rebate. If you offer power management software to business customers, please contact tradealliance@pge.com to determine if your software complies with PG&E's rebate requirements.

PG&E does not endorse specific products, services, or companies, only energy-efficient technologies. This list is current as of July 2015. To find the most up-to-date list, please visit: pge.com/businessrebates.
