## Introducing Share My Data: The safe, secure way to send energy use info

Need to share energy data with a vendor? Now, sharing your PG&E energy use data is simple and learning how different business decisions will impact your energy consumption is easy — all thanks to our free tool, Share My Data. Just authorize access to your information to selected vendors, like solar power and energy efficiency companies, and Share My Data will package up your data and securely send it out once it's ready.
