Time for your annual rate check

Weather, growing conditions and prices can all change from one year to the next. That's why it's smart to get an annual electric analysis to ensure you're on the best agricultural electric plan.

[Review your rate plan »](#)

Get big rebates for small agricultural pumps

If your pumps are 25 hp or less, you could qualify for PG&E's \$75/hp rebates to replace, overhaul or adjust your pumps. Now's the time to increase your irrigation system's efficiency!

[Learn more »](#)

Don't miss out on large pump overhaul rebates

PG&E's incentives — increased by 33% last year — will soon be gone! Improve your irrigation pump's efficiency to start saving energy and money.

Free wood chips

With the recent rain and more coming, livestock can become weak and tired from standing in mud. Call the Ag Hotline and request a load of chips to be delivered. 1-877-311-FARM [3276]
