Pacific Gas and Electric Company (PG&E) provides programs like the California Alternate Rates for Energy (CARE), Family Electric Rate Assistance (FERA) and the Energy Savings Assistance Program for customers who need it the most, because we know that sometimes our customers need a little energy assistance.

We understand that financial challenges can happen to anyone, at any time. Programs such as CARE, FERA and the Energy Savings Assistance Program are just a few of the ways we can help our customers save.

For more information about PG&E's assistance programs, visit pge.com. For the Energy Savings Assistance Program, call 1-800-743-5000. For the CARE/FERA program call 1-866-743-2273. TTY is available at 711 or 1-800-735-2929.

Choose the best rate plan for you

Rate plan choices put you in control. Are you on the best rate plan for how you use energy?

Find out today with a personalized rate plan comparison at pge.com/ratechoices.

Payment support

Receive a one-time energy credit
pge.com/reach
You may be qualified to receive up to a $300 energy credit through Relief for Energy Assistance through Community Help (REACH).

Balance your monthly bill
pge.com/budgetbilling
With Budget Billing, your monthly bill will be averaged out to allow you to budget your energy costs and eliminate big payment swings.

Arrange more time to pay
pge.com/paymentarrangement
If you cannot pay your bill on time or in full, you can set up a Payment Arrangement to extend your due date.

Secure your account and waive your deposit
1-800-743-5000
Bill Guaranty allows you to secure your account by having another qualifying PG&E customer sign on your behalf. It also serves as an alternative deposit.

Send past-due reminders to a friend or relative
pge.com/thirdpartynotification
With Third-Party Notification, you can name a friend or relative to receive duplicate copies of past-due payment notices. The designated person is not responsible for paying the bill, but can contact PG&E to help find a solution.

PG&E programs to manage your energy bills

Three easy steps to savings and home improvements for qualified households
Three solutions for energy savings

1. Monthly discounts on your bill

CARE and FERA can reduce your monthly bills

CARE and FERA programs offer qualified households a significant monthly discount on energy bills.

Check the chart to see if you qualify and join more than 1.4 million PG&E customers who have already enrolled.

*Before taxes based on current income sources, Valid through May 31, 2020.

If you do not qualify for CARE you may be eligible for FERA which offers a monthly discount for households of three or more. Apply at pge.com/carefera.

Medical Baseline

If you depend on life-support or other equipment due to medical needs, you may be eligible for additional energy at the lowest price through the Medical Baseline program. Apply at pge.com/medicalbaseline.

2. Home improvements at no cost

Energy Savings Assistance Program

If you are eligible for the CARE program, you may also qualify for the Energy Savings Assistance Program.

If you live in a house, apartment, or mobile home that is five years or older, you could receive free improvements to keep your home more energy efficient, safe, and comfortable. Both renters and owners are eligible. Common improvements may include:

- Appliances to replace your old refrigerator, furnace and water heater
- Insulation and weatherproofing services to keep your home cooler in the summer and warmer in the winter
- ENERGY STAR® Advanced LED light bulbs that use up to 80 percent less energy than traditional light bulbs

Participating contractors for PG&E will:

1. Assess your home’s energy efficiency
2. Install customized home improvements
3. Repair or replace appliances, if needed, after conducting a natural gas safety test
4. Perform a post-installation inspection, if needed

Apply at pge.com/esa.

You may also qualify for CARE or the Energy Savings Assistance Program based on participation in certain public assistance programs like Women, Infants, and Children (WIC) or Medicaid/Medi-Cal. See the list of qualifying programs at pge.com/esa.

3. Ongoing savings

Manage your cooling and heating costs

In the summer, set your air conditioner to 78 degrees Fahrenheit or higher. Visit one of our community cooling centers when temperatures are unusually high. In the winter, set your heater to 68 degrees Fahrenheit or lower during the day and 55 degrees Fahrenheit at night. Visit pge.com/everydaytips.

Stop paying to power unused electronics

Turn off and unplug computers, TVs, phone chargers, entertainment consoles, coffee makers and other devices. The average U.S. household spends $100 per year powering electronics that have been turned off or are in standby mode.

Wash full loads of laundry using cold water

Today’s detergents work well in cold water, saving about 90 percent of the energy your washing machine would use to heat water.

Use your refrigerator efficiently

Set your refrigerator from 38 to 40 degrees Fahrenheit and your freezer from 0 to 5 degrees Fahrenheit. Make sure the coils are clean and have room for air circulation.
