

FREE! From PG&E

Preschool We Saved Energy Today

Good energy-saving habits start early. In "We Saved Energy Today," preschool students learn to turn off lights, recycle, not waste water, and other Energenius® rules, while singing to the tune of "Twinkle, Twinkle, Little Star."

• Teacher's Big Book

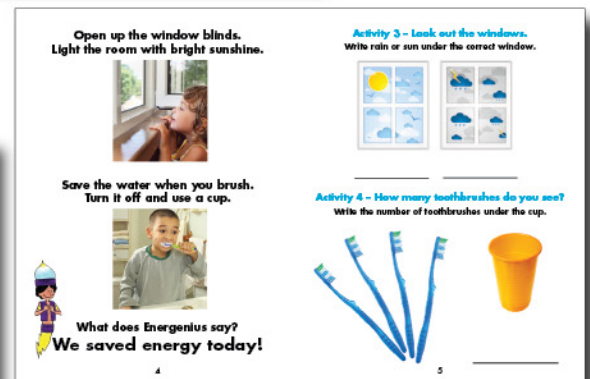

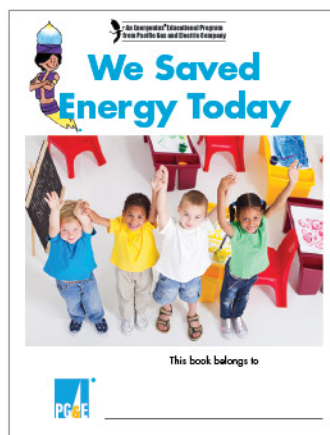

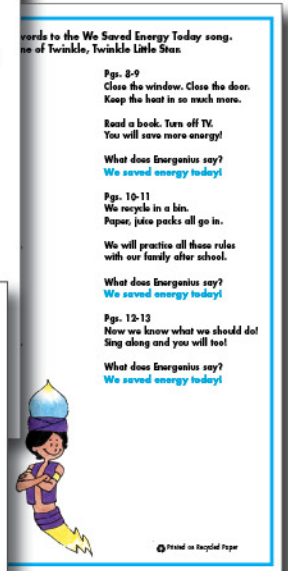

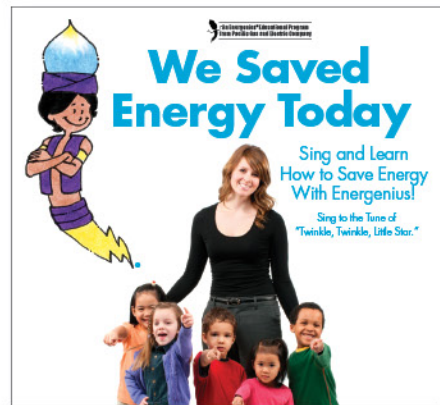

The colorful, 16-page "We Saved Energy Today" big book helps children learn new habits while they sing. Key words within the song are called out with pictures. **One per teacher.**

• Teacher's Guide

Includes three-detailed lesson plans, objectives, and activities to extend the learning. Student activities are correlated with objectives from the California Department of Education Preschool Curriculum Framework. **One per teacher.**

• Student's Activity Book

Books are sized for young children to complete eight Energenius activities and to take home to their families. An Energenius certificate tears out of the book for students to proudly post. **One per student.**
