

High-Efficiency Clothes Washer Rebate

Qualifying high-efficiency clothes washers must be purchased and installed between January 1, 2016 and December 31, 2016

Your local water agency and PG&E are offering

UP TO
\$150

CASH BACK ON ENERGY STAR® MOST EFFICIENT 2016 MODELS

ELIGIBILITY

- You must be an existing customer of PG&E and a participating water agency.
- Verify the clothes washer you are going to purchase and install qualifies for the rebate at time of purchase.
- The model must be on the [ENERGY STAR Most Efficient 2016 list](#). To shop for energy-efficient clothes washers and check for rebate eligibility, go to marketplace.pge.com/washers.

PURCHASE AND INSTALLATION

- You must purchase and install your qualifying product(s) between January 1, 2016 and December 31, 2016. (Term duration may be subject to change.) Product must qualify for rebate at the time of purchase. Applications must be submitted within 60 days of purchase, and product must be installed and operational before you submit your application.

HOW TO APPLY

- Complete and submit** the attached application, or apply online at pge.com/myhome/erebates within 60 days of purchase and installation. You will need to refer to your PG&E and water agency bills and proof(s) of purchase. Incomplete applications cannot be processed.
- Include** a copy of proof(s) of purchase. Please retain the original for your records. For online applications, you will need to upload a PDF or JPG of the product invoice when you submit your application.
- Sign** the application form.
- Make copies** of all documentation for your records.
- Mail** your completed application and enclose the proof(s) of purchase as soon as possible (unless applying online). Rebates are limited and awarded on a first-come, first-served basis.

A rebate check is generally mailed six to eight weeks after PG&E receives a completed application, including all required documentation. Log in to pge.com/rebates, and click the **Rebate Status** button to check the status of your rebate using your account number and zip code.

All rebate applications must be post-marked or received online no later than 60 days after purchase and installation.

Limit: One water agency rebate per five year period.

TERMS AND CONDITIONS

- To be eligible for a **\$150 rebate**, I understand I must be a residential customer of both PG&E and a participating water agency with active meters serviced by PG&E and a participating water agency (if applicable).
- I understand the program term is January 1 through December 31, 2016 or sooner if allocated funds are depleted. New products that are ordered, purchased and installed before January 1 or after December 31, 2016 do not qualify for a rebate. Leased products do not qualify.
- I understand this signed and dated "High-Efficiency Clothes Washer Rebate Application Form," all appropriate proof(s) of purchase, and other required documentation as described in this application must be submitted online or sent to PG&E's authorized third party within 60 days of purchase to be considered eligible for the rebate. A rebate check for qualifying product(s) is generally mailed six to eight weeks after PG&E's authorized third party and your participating water agency receive and approve a completed application and required documentation. If an application is selected for an onsite inspection, additional processing time may be needed. An incomplete application will not be processed for payment. I will allow, if requested, a PG&E representative, the California Public Utilities Commission (CPUC), participating water agency, or PG&E's authorized third party reasonable access to my property to verify the installed product I have purchased before a rebate is paid.
- I have installed a qualifying product and understand the water and energy efficiency eligibility requirements for each stated product as defined by the ENERGY STAR® Most Efficient 2016 Product List.
- I understand I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third-party energy efficiency program offering rebates, financing or other rebates funded with CPUC Public Goods Charge funds, or from more than one water agency.
- I understand rebate amount may not exceed purchase price, not including taxes.
- I understand the qualifying clothes washer must remain at the installation site for a minimum of six months after installation date.
- I understand there is a limit of one rebate per household within a five-year period for water customers. Multifamily property owners must visit pge.com/multifamily for information on claiming the PG&E portion of the rebate.
- I understand installation of qualifying clothes washers may not result in lower energy bills or water bills; and PG&E, PG&E's authorized third party and the participating water agencies do not warrant any clothes washer or installation to be free of defects. Nor do they warrant the quality of workmanship, or the suitability of the premises for the clothes washer installation. I agree to indemnify and to hold harmless the participating water agencies and PG&E, its Affiliates, Subsidiaries, Parent Company, PG&E's Authorized Third Parties and the respective Officers, Directors, Agents, and Employees of the foregoing against all loss, damage, expense, fees, costs, and liability arising out of or in any way connected with installation of a clothes washer.
- I understand PG&E, its Authorized Third Parties and participating water agencies are not responsible for items lost or destroyed in transit through the mail or electronic medium. Original applications will become the joint property of PG&E and participating water agencies.
- This program is subject to change or end without prior notice. Offer void where prohibited or restricted by law.

PLEASE NOTE:

- Not all high-efficiency clothes washers qualify for a rebate. ONLY **ENERGY STAR Most Efficient 2016** models are eligible for a **\$150 rebate**. Upon approval, PG&E's rebate of \$50 is added to your participating water agency's rebate of \$100.
- One rebate per household every five years for water agency rebates.
- Details, such as rebate amounts and eligible clothes washers, are subject to change at any time.
- Clothes washers with silver ion technologies are ONLY eligible for the PG&E component of the rebate, not the water agency portion of the rebate. Please see waterenergysavings.com or contact your local water agency for more information.
- Clothes washers that are resale units, leased, rebuilt, rented, received from warranty or insurance claims, exchanged, won as a prize or have had new parts installed in an existing unit, do not qualify.
- Commercial models do not qualify for the water agency portion of the rebate. If you have purchased a commercial model, please contact your local water agency for details.
- Clothes dryers do not qualify for a rebate.

*Unincorporated Napa County is not part of a water district. Call 1-707-259-8600 for eligibility.

**The city of East Palo Alto has three water districts. If you are uncertain about which district you are in, please refer to your water bill or contact the city of East Palo Alto at 1-650-322-2083.

***The city of Menlo Park has three water districts. If you are uncertain about which district you are in, please refer to your water bill or contact the city of Menlo Park at 1-650-330-6763.

Funding for this rebate comes from one or more of these sources: [1] the participating water agency, [2] State of California water bond measure, Prop. 84, administered by the California Department of Water Resources (DWR), subject to funding availability, [3] California utility customers, administered by PG&E under the auspices of the California Public Utilities Commission (CPUC).

Retain this portion for your records. Return a copy of your proof of purchase in the application/envelope portion.
