You will need your landlord's permission. Have your landlord complete the information below.		

Dear landlord,

Your tenant is seeking your permission to enroll in Pacific Gas and Electric Company's (PG&E) SmartAC program, at no cost to you or to your tenant. Installed on or near the air conditioner, SmartAC technology can be remotely activated to reduce the air conditioner's demand for electricity—temporarily and without sacrificing your tenant's control or comfort. The installation and device are free. If your tenant moves or leaves the program, PG&E can remove the device at no cost.

As the landlord of the rental property listed above, I approve the occupants' participation in Pacific Gas and Electric Company's SmartAC Program, and I authorize Pacific Gas and Electric Company or its authorized representative to install necessary equipment on the air conditioning unit(s) serving the property identified above.
