

Energy Essentials: Assistance and Savings Solutions

PG&E offers a variety of programs to accommodate every customer's financial circumstances.

For example, the California Alternate Rates for Energy Program, known as CARE, provides discounts to qualified households based on income.

Simply apply online, and in just minutes you can find out if you're eligible to receive a discount of 20% or more each month.

PG&E also offers eligible customers the opportunity to improve the energy efficiency of their homes.

If you qualify for the Energy Savings Assistance program, you could receive home energy upgrades at no cost, such as new appliances or attic insulation for a more comfortable and efficient home.

With these programs, customers have the opportunity to save energy and lower their bills. Find out if you're eligible today!
