Advice 2552-G/2517-E-A
(Pacific Gas and Electric Company ID U39M)

Subject: Revision to Distribution Service and Extension Cost Summary
Form No. 62-0980
2003 PG&E General Rate Case Decision 04-05-055

Public Utilities Commission of the State of California

Pacific Gas and Electric Company (PG&E) hereby submits this supplemental filing for revisions to Advice 2552-G/2517-E, which revised the Exhibit A Cost Summary in gas and electric Form 62-0980—Distribution Service and Extension Agreement. PG&E is filing this supplemental advice letter in response to a protest letter dated June 28, 2004, from the California Building Industry Association (CBIA). On July 8, 2004, representatives of PG&E and CBIA met and agreed to certain changes to Advice 2552-G/2517-E, as discussed below. CBIA plans to withdraw its protest letter.

The tariffs in this supplemental filing replace and supersede those filed in Advice 2552-G/2517-E.

Purpose

Advice 2552-G/2517-E incorporated certain administrative and overhead costs into Form 62-0980—Distribution Service and Extension Agreement, Exhibit A Cost Summary form. The form was revised to identify certain costs in compliance with PG&E's 2003 General Rate Case Decision (D.) 04-05-055, which adopted a Settlement Agreement. Appendix A of the Settlement Agreement provides a mechanism for PG&E to recover specified line extension costs from new customers, and grants PG&E discretion in determining how to allocate those costs among new customers: “in a manner to be determined by PG&E.” Advice 2552-G/2517-E also notified the Commission of how PG&E will charge new customer connection applicants for those costs.

Limited Issues

In its limited protest, CBIA did not object to the level of line extension costs to be recovered from new customers, but challenged PG&E’s “absolute discretion” to allocate such costs, as well as the method of allocating such costs; i.e., through a meter charge that was the same for residential and non-residential applicants.
After meeting with CBIA on July 8, 2004, PG&E convinced CBIA that a per meter approach was appropriate and CBIA convinced PG&E it was appropriate to allocate a different cost for residential and non-residential new customer connection applicants. PG&E is amending Form 62-0980 in this filing to reflect this determination by adding two lines, instead of one, to the cost itemization list on page 3 of the Cost Summary of that form. The two lines will read: "D. 04-05-055 Line Extension Cost(s) Residential" and "D. 04-05-055 Line Extension Cost(s) Non-Residential." Subject to the quarterly adjustment process described in Advice 2552-G/2517-E, the initial costs for residential meters will be $150 and for non-residential meters, $190.

The GRC Settlement Agreement also requires PG&E to collect the expense incurred in 2004 from new customer connection applicants. Again, PG&E has determined that the manner in which it will collect the "unrecovered costs" for the first portion of 2004 will be over a nine-month period, commencing August 2, 2004, and ending April 30, 2005, as a component cost of the on-going flat costs calculated for 2004 and for 2005. After April 30, 2005, as PG&E noted in its original advice letter, it will "base its flat costs on calendar year forecasts of costs (as identified in D. 04-05-055 for new customer connection applicants) and new customer meter sets, adjusted as appropriate for any prior over or under collections," without the component for the "unrecovered 2004 costs." PG&E will continue to adjust for over and under collections on a quarterly basis.

**Limited 10-day Protest Period**

PG&E is requesting a shortened protest period of ten (10) days from the date of this filing, which is July 23, 2004, for the following reasons. First, Advice 2552-G/2517-E has already been subject to a 20-day protest period, which has closed. Second, that protest period gave rise to but one limited protest, which was filed on the last allowable day, and which has now been resolved and withdrawn. Third, Advice 2552-G/2517-E and this supplemental filing are compliance filings in response to D. 04-05-055's Ordering Paragraph 4. Next, the Settlement Agreement that D. 04-05-055 adopted specified that these line extension processing costs were to be collected "in a manner to be determined by PG&E." Advice 2553-D/2517-E and this supplemental filing reflect PG&E's determination of the manner of collection. Finally, Advice 2552-G/2517-E and this supplement are not changing the substance of Form 62-0980, but merely identifying and inserting a cost ordered by the Commission in D. 04-05-055.

Protest letters must be limited to the issues in this supplemental filing, and should be mailed to:

Protests also should be sent by e-mail and facsimile to Mr. Jerry Royer, Energy Division, as shown above, and by U.S. mail to Mr. Royer at the above address.

The protest should be sent via both e-mail and facsimile to PG&E on the same date it is mailed or delivered to the Commission at the address shown below.

**Effective Date**

Decision 04-05-55 was effective May 27, 2004. Advice 2552-G/2517-E was submitted in compliance with the decision on June 7, 2004, which was 10 days after issuance of the decision, as required by Ordering Paragraph 5. To begin collecting costs, which this Commission has approved, PG&E requests that the Commission approve Advice 2552-G/2517-G and this supplemental filing effective July 26, 2004.

PG&E will start collecting the line extension costs on August 1, 2004, from all new customer connection applicants to whom it sends a contract for signature on and after that date.

**Notice**

In accordance with General Order 96-A, Section III, Paragraph G, a copy of this advice letter is being sent electronically and via U.S. mail to parties shown on the attached list and the parties on the service list for A. 02-11-017. Address changes should be directed to Rose de la Torre at (415) 973-4716. Advice letter filings can also be accessed electronically at: http://www.pge.com/tariffs
