Advice Letter 2852-E

Rose de la Torre  
Pacific Gas & Electric  
77 Beale Street, Room 1088  
Mail Code B10C  
San Francisco, CA 94105

Subject: Fresno Cogen 70kV Tap Reconductoring Project, Fresno County

Dear Ms. De La Torre:

Advice Letter 2852-E is effective July 29, 2006. A copy of the advice letter is returned herewith for your records.

Sincerely,

Sean H. Gallagher, Director  
Energy Division
June 29, 2006

Advice 2852-E  
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject:  Fresno Cogen 70kV Tap Reconductoring Project, Fresno County

Pacific Gas and Electric Company (the Company) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

The Company plans to replace the existing wires with new wires and 34 wood poles with new wood poles along the existing Fresno Cogen 70 kilovolt (kV) Tap power line in Fresno County. The project begins at a junction with the Helm- Kerman 70kV transmission line on West American Road, and progresses approximately 3.2 miles south along an unimproved road to the Fresno Cogen Power Plant. Replaced poles will be approximately 10 feet taller than existing poles to reduce EMF at ground level. Work is scheduled to begin in September, 2006, or as soon thereafter as possible, and will be completed by November, 2006, or as soon thereafter as possible.

This project qualifies as exempt from Permit to Construct filing requirements, pursuant to G.O. 131-D, Section III, Subsections B.1.b, and g, which exempts the following:

b) the replacement of existing power line facilities or supporting structures with equivalent facilities or structures.
g) power line facilities or substations to be located in an existing franchise, road-widening setback easement, or public utility easement.

Additionally, G.O. 131-D requires utilities to employ "no cost" and specified "low cost" measures to reduce public exposure to electric and magnetic fields (EMFs). PG&E will employ a low cost method of designing poles 10 feet taller when replacing poles on the project.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

**Protests**

Anyone wishing to protest this filing should do so by sending a letter via postal mail and facsimile by **July 19, 2006**, which is 20 days after the filing date, at the following address:

CPUC Energy Division  
Attn: Tariff Unit, 4th Floor  
California Public Utilities Commission  
505 Van Ness Avenue  
San Francisco, California 94102  
Facsimile: (415) 703-2200  
E-Mail: jir@cpuc.ca.gov and jnj@cpuc.ca.gov

In addition, protests and all other correspondence regarding this advice letter should also be sent by letter and transmitted via facsimile to the attention of:

David T. Kraska  
Attorney, Law Department  
Pacific Gas and Electric Company  
P.O. Box 7442  
San Francisco, California 94120  
Facsimile: (415) 973-0516

Brian K. Cherry  
Director, Regulatory Relations  
Pacific Gas and Electric Company  
P.O. Box 770000, Mail Code B10C  
San Francisco, California 94177  
Facsimile: (415) 973-7226  
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in G.O. 131-D, Section III.B.2, exist.
Effective Date

The Company requests that this advice filing become effective on July 29, 2006, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

In accordance with G.O. 96-A, Section III, Paragraph G, the Company is electronically and postal mailing copies of this advice letter to the utilities and interested parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. Address change requests should be directed to Rose de la Torre at (415) 973-4716. Advice letter filings can also be accessed electronically at: http://www.pge.com/tariffs

NOTICE OF PROPOSED CONSTRUCTION

PROJECT NAME: Fresno Cogen 70kV Tap Reconductoring Project, Fresno County
ADVICE LETTER NUMBER: 2852-E

Proposed Project: Pacific Gas and Electric Company (PG&E) plans to replace the existing wires with new wires and 34 wood poles with new wood poles along the existing Fresno Cogen 70 kilovolt (kV) Tap power line in Fresno County. The project begins at a junction with the Helm-Kerman 70kV transmission line on West American Road, and progresses approximately 3.2 miles south along an unimproved road to the Fresno Cogen Power Plant. Replaced poles will be approximately 10 feet taller than existing poles to reduce EMF at ground level. Work is scheduled to begin in September, 2006, or as soon thereafter as possible, and will be completed by November, 2006, or as soon thereafter as possible.

Electric and Magnetic Fields (EMF): PG&E will employ "no cost" and specified "low cost" measures to reduce public exposure to EMF in accordance with California Public Utilities Commission (CPUC) Decision 93-11-013 and Pacific Gas and Electric Company's "EMF Design Guidelines of New Electrical Facilities: Transmission, Substation, and Distribution." PG&E will implement the low cost measure of installing 34 poles approximately 10 feet taller than existing poles on this project in order to reduce EMF at ground level.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. PG&E believes this project qualifies for the following exemptions:

b) the replacement of existing power line facilities or supporting structures with equivalent facilities or structures.

...g) power line facilities or substations to be located in an existing franchise, road-widening setback easement, or public utility easement.

Public Review Process: Persons or groups may protest the proposed construction if they believe that Pacific Gas and Electric Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or

b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or

c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by July 19, 2006, at the following address:

CPUC Energy Division
Attn: Tariff Unit, 4th Floor
California Public Utilities Commission
505 Van Ness Avenue
San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

Pacific Gas and Electric Company must respond within five business days of receipt and serve copies of its response on each protestant and the Energy Division. Within 30 days after Pacific Gas and Electric Company has submitted its response, the Executive Director of the CPUC will send you a copy of an Executive Resolution granting or denying the request and stating the reasons for the decision.

Assistance in Filing a Protest: For assistance in filing a protest, contact the CPUC Public Advisor in San Francisco at (415) 703-2074 or 1-866-849-6390 (toll-free) or TTY (415) 703-5258 or public.advisor@cpuc.ca.gov

Additional Project Information: To obtain further information on the proposed project, please call Pacific Gas and Electric Company's Project Information Line at (415) 873-5530.
