Subject: Revisions to Electric Preliminary Statement Part DI – Procurement Energy Efficiency Balancing Account (PEEBA) and Establish New Part EF – Procurement Energy Efficiency Revenue Adjustment Mechanism (PEERAM)

Dear Ms. de la Torre:

Advice Letter 2914-E is effective November 15, 2006. A copy of the advice letter is returned herewith for your records.

Sincerely,

Sean H. Gallagher, Director
Energy Division
October 16, 2006

Advice 2914-E
(Pacific Gas and Electric Company ID 39 E)

Public Utilities Commission of the State of California

Subject:  Revisions to Electric Preliminary Statement Part DI - Procurement Energy Efficiency Balancing Account (PEEBA) and Part EF - Procurement Energy Efficiency Revenue Adjustment Mechanism (PEERAM)

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its electric tariffs. The affected tariff sheets are listed on the enclosed Attachment I.

Purpose

This advice letter modifies electric Preliminary Statements Part DI - *Procurement Energy Efficiency Balancing Account (PEEBA)* and Part EF - *Procurement Energy Efficiency Revenue Adjustment Mechanism (PEERAM)* to allow for a one-time transfer of 2004 – 2006 electric procurement revenues previously recorded in the PEEBA to the PEERAM.

This modification of the PEEBA and PEERAM serves as a follow-up to the approval of Advice Letter (AL) 2838-E, which created the PEERAM and modified the PEEBA to record procurement energy efficiency expenses and revenues in separate balancing accounts, against the authorized revenue requirement.¹

Background

The purpose of the PEEBA is to track PG&E’s procurement energy efficiency expenses associated with authorized energy efficiency programs pursuant to Ordering Paragraph (OP) 21 in D.03-12-062, issued on December 18, 2004. PG&E implemented OP 21 via AL 2461-E, which was approved effective January 1, 2004. Advice Letter 2461-E established the PEEBA account and the PEEBA

¹ Advice letter 2838-E was approved on July 17, 2006.
rate component.\(^2\) The original PEEBA was intended to be a one-way balancing account. However, the implementing language in the original preliminary statement combined the revenue and expenditure entries into the same account and did not include the Commission-authorized revenue requirement in the account entries. Thus, the existing PEEBA account structure did not operate like PG&E’s other authorized energy efficiency balancing account, the Public Purpose Programs Energy Efficiency Balancing Account (PPPEEBA), where authorized program expenditures are tracked against authorized revenue requirements.

PG&E filed AL 2838-E in order to be able to separately track procurement energy efficiency expenses and procurement energy efficiency revenues against the authorized revenue requirement. This makes the PEEBA a one-way balancing account. Going forward, the PEEBA and PEERAM will function analogously to the PPPEEBA and PPPRAM.

The revision to the PEEBA preliminary statement in Advice Letter 2838-E inadvertently omitted an accounting procedure for a one-time entry to transfer procurement energy efficiency revenues from 2004 through 2006 from the PEEBA to the PEERAM. Also, the proposed PEERAM preliminary statement omitted an accounting entry to allow receipt of the transferred revenues from the PEEBA. Accordingly, this advice letter revises the PEEBA and PEERAM preliminary statements to allow for transfers, including the one discussed herein, as authorized by the Commission.

This filing will not result in any increase to rates or withdrawal of service.

Protests

Anyone wishing to protest this filing may do so by letter sent via U.S. mail, by facsimile or electronically, any of which must be received no later than 20 days after the date of this filing, which is November 6, 2006. Protests should be mailed to:

Tariff Files, Room 4005
DMS Branch
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200
E-mail: jjr@cpuc.ca.gov and jnj@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address shown above.

\(^2\) The PEEBA rate component was changed to the PEERAM rate component in AL 2838-E to reflect the fact that procurement energy efficiency revenues are now recorded in the PEERAM.
The protest should be sent via both e-mail and facsimile to PG&E on the same date it is mailed or delivered to the Commission at the address shown below.

DI. PROCUREMENT ENERGY EFFICIENCY BALANCING ACCOUNT (PEEBA)

1. PURPOSE:

Per Decision 03-12-062, the one-way Procurement Energy Efficiency Balancing Account (PEEBA) is to track PG&E’s procurement energy efficiency costs and revenues associated with authorized programs. The PEEBA tracks actual expenditures for authorized procurement energy efficiency activities against the authorized revenue requirement for such activities.

2. APPLICABILITY:

The PEEBA balance shall apply to all customer classes, except for any classes that may be specifically excluded by the CPUC.

3. REVISION DATE:

Pursuant to D.03-12-062, disposition of the balance in this account shall be determined in the energy efficiency proceeding, R.01-08-028 or its successor, or any other proceeding as authorized by the Commission.

4. RATES:

The PEEBA does not have a separate rate element.

5. ACCOUNTING PROCEDURE:

PG&E shall maintain the PEEBA by making entries as follows:

a. A debit equal to the expenses related to procurement energy efficiency programs.

b. A credit equal to one-twelfth of the annual authorized revenue requirement for procurement energy efficiency programs.

  c. A debit or credit entry, as appropriate, to record the transfer of amounts to or from other accounts as approved by the CPUC.

  d. An entry reflecting interest on the average balance at a rate equal to one-twelfth the interest rate on three-month Commercial Paper for the previous month, as reported in the Federal Reserve Statistical Release, H. 15 or its successor.
EF. PROCUREMENT ENERGY EFFICIENCY REVENUE ADJUSTMENT MECHANISM (PEERAM)

1. PURPOSE:

Per Decision 03-12-062, the Procurement Energy Efficiency Revenue Adjustment Mechanism (PEERAM) is to ensure the collection of PG&E’s procurement energy efficiency revenues associated with authorized programs. The PEERAM tracks actual revenues for authorized procurement energy efficiency activities against the authorized revenue requirement for such activities.

2. APPLICABILITY:

The balances in the PEERAM shall apply to all customer classes, except for any classes that may be specifically excluded by the CPUC.

3. REVISION DATE:

Disposition of amounts in the PEERAM shall be determined through the Annual Electric True-Up (AET) advice letter process.

4. RATES:

The PEERAM rate is collected as part of the non-bypassable public purpose program rate set forth in each rate schedule. The PEERAM rate is separately identified in Part I of the Preliminary Statement.

5. ACCOUNTING PROCEDURE:

PG&E shall maintain the PEERAM by making the entries as follows:

a. A debit entry equal to one-twelfth of the annual authorized revenue requirement for procurement energy efficiency programs.

b. A credit entry equal to the revenue from the PEERAM rate.

c. A debit or credit entry, as appropriate, to record the transfer of amounts to or from other accounts as approved by the CPUC. (N)

d. An entry reflecting interest on the average balance at a rate equal to one-twelfth the interest rate on three-month Commercial Paper for the previous month, as reported in the Federal Reserve Statistical Release, H. 15 or its successor. (N)
