Advice 2842-G/3065-E

(Pacific Gas and Electric Company ID U 39 M)

Subject: Front Counter Closures

Public Utilities Commission of the State of California

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas and electric tariffs. The affected tariff sheets are listed on the enclosed Attachment I. Pursuant to Ordering Paragraph 2 of Decision (D.) 07-05-058, this Advice is being filed in accordance with the procedures described in D.07-01-024 and General Order 96-B as a Tier 1 Advice (even though GO 96-B does not formally take effect until July 1, 2007).

Purpose

The purpose of this Advice is to reduce the gas and electric distribution base revenue amounts recorded in the gas Core Fixed Cost Account (CFCA) and the electric Distribution Revenue Adjustment Mechanism (DRAM) to reflect the cost savings attributable to the closure of the front counters at nine local offices, effective August 1, 2007.

Background

In D.07-05-058, dated May 24, 2007, the California Public Utilities Commission (Commission) approved a Settlement among PG&E, the Division of Ratepayer Advocates (DRA), The Utility Reform Network (TURN), the Greenlining Institute (Greenlining), the California Farm Bureau Federation (CFBF), and the Coalition of California Utility Employees (CCUE) that allows PG&E to close the front counters at nine local offices. The Settlement also calls for net savings associated with the closure to be passed on to customers. The average reduction in PG&E's annual revenue requirement from July, 2007 through the end of 2010 due to the closure of the nine front counters would be \$788,000 (\$2,757,000/3.5). In order to pass the cost savings associated with the front counter closures on to customers, the Settlement provides that PG&E's annual gas and electric distribution revenue

requirements will be reduced by \$355,000 and \$433,000, respectively, effective on the date of the office closures. (See D.07-05-058, Appendix B, page B-15.) These amounts were determined assuming that PG&E would close the front counters on July 1, 2007, and represent the savings over 42 months (July 2007 through December 2010). Although the actual savings from the closures will be less than calculated in the Settlement due to the later closure date (August 1 compared to July 1), beginning the revenue requirement reduction on August 1 will automatically adjust the total revenue requirement reduction consistent with the lower savings amount as anticipated in Ordering Paragraph 3 of D.07-05-058.

Tariff Revisions

For the gas department, the revenue requirement reduction authorized in D.07-05-058 is reflected in Preliminary Statement Part C. There is no equivalent table in PG&E's electric department Preliminary Statement.

Anyone wishing to protest this filing may do so by sending a letter by **July 4, 2007**, which is 20 days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:
