**Subject: Submits Notice of Construction, Pursuant to General Order
131-D, for the LeGrand-Dairyland 115kV Pole Replacement
Project, County of Madera**

Pacific Gas and Electric Company ("PG&E" or "the Company") hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

In order to accommodate the replacement of 12 Kilovolt (12kV) distribution wires attached to poles below the LeGrand-Dairyland 115kV Power Line in the County of Madera, Pacific Gas and Electric Company (PG&E) will be replacing approximately 44 wood poles with approximately 44 new 5- to 10-foot taller light-duty steel poles (replacement of existing facilities) in the rural agricultural area located north of the City of Chowchilla in Madera County. There will be no increase in the capacity of the power lines. The project begins approximately 500 feet southerly of the intersection of Chowchilla Boulevard and Road 15 (and southwesterly of the Union Pacific Railroad tracks), extends southerly within Road 15 (existing franchise) for approximately 3,800 feet to Avenue 26, and then continues westerly within Avenue 26 (existing franchise) approximately 2 miles to Road 13. Work is scheduled to begin in January 2010, or as soon thereafter as possible, and will be completed by May 2010, or as soon thereafter as possible.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

- b) The replacement of existing power line facilities or supporting structures with equivalent facilities or structures.
- g) Power line facilities or substations to be located in an existing franchise, road-widening setback easement, or public utility easement; or in a utility corridor designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies for which a final Negative Declaration or EIR finds no significant unavoidable environmental impacts.

- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
