Advice 3735-E-A
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject: Supplemental Filing and First Amendment to the Contract for Procurement of Renewable Energy Resources Resulting From PG&E’s Wind Energy Power Purchase Agreement for Procurement With Shiloh III Wind Project, LLC

I. INTRODUCTION

A. Purpose

Pacific Gas and Electric Company (“PG&E”) hereby submits to the California Public Utilities Commission (“Commission” or “CPUC”) a supplemental filing for Advice Letter 3735-E (“Advice Letter”), dated September 30, 2010, containing a first amendment (“First Amendment”) to a Power Purchase Agreement (“PPA”) between Shiloh III Wind Project, LLC (“Shiloh III”) and PG&E, and to provide notice that PG&E has exercised its option to increase contract capacity under the PPA. The PPA submitted in Advice Letter 3735-E was for a 60 MW wind project and included an option for PG&E to increase the capacity from the original 60 MW to 100 MW. The Advice Letter is still pending at the Commission.

B. Background

On February 25, 2011, PG&E executed a First Amendment to the Shiloh III PPA to amend certain conditions related to the price of the PPA that do not cause an increase in the PPA price. A summary of the First Amendment is included in Confidential Appendix A, and the First Amendment is included in Confidential Appendix C.

1 Supplements to Advice Letters are authorized by General Order 96-B, Section 7.5.1. Due to the limited scope of PG&E’s supplemental information, this filing should not re-open the protest period or delay the effective date of the Advice Letter.
Additionally, on January 5, 2011, PG&E provided notice to Shiloh III that it has elected to exercise its option to increase the contract capacity under the agreement from a 60 MW Wind Project to 100 MW. The letter is attached to this advice letter as Attachment D. PG&E described this option, along with the deliveries and payments associated with the higher capacity option in the Advice Letter, but did not include a separate above-market funds (“AMFs”) calculation for the 100 MW option. The AMFs calculation for the 100 MW project is included in Confidential Appendix B.

II. REGULATORY PROCESS

A. Requested Effective Date

PG&E requests that this supplemental filing becomes effective concurrent with Advice Letter 3735-E.

B. Request for Confidential Treatment

A separate Declaration Seeking Confidential Treatment is being filed concurrently with this supplemental filing.

Due to the limited scope of PG&E’s supplemental information, this filing should not re-open the protest period or delay the effective date of the Advice Letter.

DECLARATION OF CARLOS ABREU
SEEKING CONFIDENTIAL TREATMENT
FOR CERTAIN DATA AND INFORMATION
CONTAINED IN ADVICE LETTER 3735-E-A
(PACIFIC GAS AND ELECTRIC COMPANY - U 39 E)

I, Carlos Abreu, declare

1. I am presently employed by Pacific Gas and Electric Company ("PG&E"), and have been an employee at PG&E since 2006. My current title is Principal within PG&E’s Energy Procurement organization. In this position, my responsibilities include negotiating PG&E’s Renewables Portfolio Standard Program ("RPS") Power Purchase Agreements. In carrying out these responsibilities, I have acquired knowledge of PG&E’s contracts with numerous counterparties and have also gained knowledge of the operations of electricity sellers in general. Through this experience, I have become familiar with the type of information that would affect the negotiating positions of electricity sellers with respect to price and other terms, as well as with the type of information that such sellers consider confidential and proprietary.

3. Attached to this declaration is a matrix identifying the data and information for which PG&E is seeking confidential treatment. The matrix specifies that the material PG&E is seeking to protect constitutes the particular type of data and information listed in Appendix 1 of D.06-06-066 and Appendix C of D.08-04-023 (the “IOU Matrix”), and/or constitutes information that should be protected under General Order 66-C. The matrix also specifies the category or
categories in the IOU Matrix to which the data and information corresponds, if applicable, and why confidential protection is justified. Finally, the matrix specifies that: (1) PG&E is complying with the limitations specified in the IOU Matrix for that type of data or information, if applicable; (2) the information is not already public; and (3) the data cannot be aggregated, redacted, summarized or otherwise protected in a way that allows partial disclosure. By this reference, I am incorporating into this declaration all of the explanatory text in the attached matrix that is pertinent to this filing.

I declare under penalty of perjury, under the laws of the State of California, that to the best of my knowledge the foregoing is true and correct. Executed on March 4, 2011 in San Francisco, California.
