**Advice 3764-E**

(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

**Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of the Westpark-Magundon 115 kV Relocation Project, County of Kern**

Pacific Gas and Electric Company ("PG&E" or "the Company") hereby submits notice pursuant to General Order ("G.O.") 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

**Purpose**

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

**Background**

Bolthouse Farms, Inc., has requested PG&E to relocate approximately 1470 feet of existing 115kv wood pole line located on its property to a new location on the same property. The power line enters Bolthouse property off of East Brundage at a location 400 feet east of Fairfax Road, in the City of Bakersfield. To accomplish the relocation, PG&E will remove approximately 5 existing wood poles and install approximately seven 15- to 25-foot taller light-duty steel poles to support the new conductors and meet General Order 95 clearance requirements for wires above ground and other facilities. All new poles, which will weather to resemble wood poles, will be located on Bolthouse Farms' property. Work is scheduled to begin in April 2011, or as soon thereafter as possible, and will be completed by December 2012, or as soon thereafter as possible.

CPUC General Order 131-D, Section III, Subsection B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption(s):

- c) The minor relocation of existing power line facilities up to 2,000 feet in length, or the intersecting of additional support structures between existing support structures.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

### **Protests**

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by **December 14, 2010**, which is 20 days after the date of this filing. Protests should be mailed to the following address:
