Subject: Methodology for Calculation of Non-Bypassable Charges for Mountain House Customers

Dear Ms. Yura:

Advice Letter 3766-E is effective December 29, 2010.

Sincerely,

Julie A. Fitch, Director
Energy Division
November 29, 2010

Advice 3766-E
(Pacific Gas and Electric Company ID U39E)

Subject: Methodology for Calculation of Non-Bypassable Charges for Mountain House Customers

Public Utilities Commission of the State of California

This filing is made in accordance with Decision (D.) 04-03-036, dated March 16, 2004, for Pacific Gas and Electric Company’s (PG&E) Application (A.) 03-02-005 pertaining to the authorization to lease and sell certain electric distribution facilities serving the Mountain House Area to Modesto Irrigation District (MOD). PG&E hereby files the annual advice letter to describe its calculations and methodologies for determining applicable non-bypassable charges (NBCs) for customers in the Mountain House Area of San Joaquin County, California, served by MOD.

Background

Pursuant to Public Utilities Code § 9610, a total of 137 Mountain House customers departed PG&E’s service territory on January 1, 2001, and began receiving electric service from MOD. In D.04-03-036 (issued in A.03-02-005), the Commission approved an agreement between PG&E and MOD for the lease of certain electric distribution facilities in the Mountain House area (the Lease Agreement). The Lease Agreement provides that MOD will pay NBCs on behalf of the departing customers. Ordering Paragraph (OP) 6 of D.04-03-036 requires that PG&E shall annually file an advice letter that contains the proposed calculations and methodologies for determining the amount of NBCs to be paid by MOD for the year at least 90 days before the due date for MOD’s payment of the NBCs for approval by the Commission’s Energy Division. This Advice Letter fulfills PG&E’s requirement as detailed in OP 6 of D.04-03-036.

Methodology and Illustrative Calculations

Attachment 1 of this filing is PG&E’s statement of methodology for calculating NBCs to be paid by MOD on behalf of departing customers.

Consistent with Paragraph 6.2 of the Lease Agreement, on or before January 31, 2011, PG&E will provide MOD with PG&E’s calculation of the 2010 NBC bill
for the Mountain House customers that departed PG&E’s service territory on January 1, 2001, and began receiving electric service from MOD. This calculation will cover NBCs with interest for the period from January 1, 2010 through December 31, 2010.

Resolution E-3903 authorized PG&E to calculate and collect “the amount of ND [Nuclear Decommissioning] charges that it should have but did not collect from [departing] customers from the date Schedule E-DEPART expired through the effective date of this Resolution,” to amortize this amount over a three-year period, and to bill [departing] customers accordingly. (See Resolution E-3903, page 10). As the 2008 calculation included the final portion of amortized ND charges, no such charges are included in this bill. The 2010 calculation includes ND charges for January 1, 2010 through December 31, 2010.

Resolution E-3999 also authorized PG&E to calculate and collect current and past Competition Transition Charges (CTCs). Since “some transferred MDL [Municipal Departing Load] customers may owe large amounts, it is appropriate to allow the customer the option to pay off any amounts owed over a 36-month period.” (See Resolution E-3999, page 57). Accordingly, PG&E’s calculation for 2010 will include the final installment of the amortized CTCs for the Mountain House customers from January 31, 2010 to February 28, 2010. The CTCs from January 1, 2010 through December 31, 2010, are included in the total NBCs for 2010.

Some of the 137 transferred accounts have subsequently gone out of existence, to make way for new development. Accordingly, PG&E will adjust the NBCs for the period January 1, 2010 through December 31, 2010 to account for these removals (and their removal dates), and PG&E will exclude these removed accounts from future NBC billings. As noted in Attachment 1, Mountain House customers are not obligated to pay the Department of Water Resources (DWR)-related components of the Cost Responsibility Surcharge (CRS) imposed by D.03-07-028, since they departed prior to the February 1, 2001, threshold date adopted in that decision.¹

Protests

Anyone wishing to protest this filing may do so by letter sent via U.S. mail, by facsimile or electronically, any of which must be received no later than

¹ See D.03-07-028, Ordering Paragraph 2. For PG&E, the Cost Responsibility Surcharge (CRS) adopted by D.03-07-028 consists of the DWR Bond Charge (DWRBC), the DWR Power Charge (DWRPC), and the Competition Transition Charge (CTC). The DWRBC and DWRPC components of the CRS only apply to customers who departed PG&E service after February 1, 2001, and thus not to Mountain House customers (who departed on the January 1, 2001 transfer date). However, Mountain House customers are obligated to pay the CTC component of the CRS, which is applicable to customers who depart after December 20, 1995. Per Public Utilities Code Section 848(k), Mountain House customers are not obligated to pay the Energy Cost Recovery Amount (ECRA) charge.
December 20, 2010, which is 21 days after the date of this filing. Protests should be mailed to:

CPUC Energy Division
Tariff Files, Room 4005
DMS Branch
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200
E-mail: jnj@cpuc.ca.gov and mas@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address shown above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

E-mail: PGETariffs@pge.com

Effective Date

PG&E requests that this advice filing become effective on regular notice, December 29, 2010, which is 30 days after the date of this filing.

Notice

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically and via U.S. mail to parties shown on the attached list and the service list for A.03-02-005. Address changes to the General Order 96-B service list should be directed to email PGETariffs@pge.com. For changes to any other service list, please contact the Commission’s Process Office at (415) 703-2021 or at Process_Office@cpuc.ca.gov. Send all electronic approvals to

---

2 The 20-day protest period concludes on a weekend, therefore, PG&E is moving this date to the following business day.
PGETariffs@pge.com. Advice letter filings can also be accessed electronically at http://www.pge.com/tariffs.

Attachment 1:
Methodology for Calculation of 2010 Non-Bypassable Charges
for Mountain House Customers
Methodology for Calculation of 2010 Non-Bypassable Charges
For Mountain House Customers

Pursuant to Ordering Paragraph 6 of Decision 04-03-036, this attachment describes PG&E’s method of calculating the non-bypassable charge (NBC) obligations for 2010 associated with PG&E’s Mountain House customers that departed to Modesto Irrigation District (MOD).

A total of 137 Mountain House customers departed PG&E service on January 1, 2001 and began receiving electric service from MOD. Just prior to their departure, PG&E took a “snapshot” of each customer’s billing determinants for the period of January 2000 to December 2000 (i.e., the 12 months immediately prior to their departure on January 1, 2001).

Some of the 137 transferred accounts have subsequently gone out of existence, to make way for new development. Accordingly, PG&E will adjust the NBCs for the period January 1, 2010 through December 31, 2010 to account for these removals (and their removal dates), and PG&E will exclude these removed accounts from future NBC billings.

The NBC obligations of the Mountain House customers include Competition Transition Charges (CTCs, per Public Utilities Code Sections 367, 368, 375 and 376), Trust Transfer Amount (TTA, per Code Section 840(d)), and Nuclear Decommissioning (ND, per Code Section 379) Charges.

CTCs — The opportunity for utilities to recover and the obligation for customers to pay CTCs has been established both by Commission policy decisions and California law.2 Except for those specific activities expressly exempted by the California legislature or the Commission, these costs are to be paid by all energy consumers. Commission Resolution E-3999 authorized PG&E to calculate and collect current and past CTCs. The amortized CTCs for the Mountain House customers were from March 31, 2002 (the date the E-DEPART tariff expired) through December 31, 2006. This bill includes the final installment of the amortized CTCs for the Mountain House customers from January 31, 2010 through February 28, 2010. (the first installment of amortized CTCs was billed from March 31, 2007 through December 31 2007, the second installment was

---

1 Preliminary Statements Part AS and Part AT of PG&E’s electric tariffs establish a Fixed Transition Amount (FTA) charge and Rate Reduction Bond Memorandum Account (RRBMA) for residential and small commercial customers who received the 10 percent rate reduction on January 1, 1998, as mandated in Assembly Bill (AB) 1890 (Code § 368 (a)).

2 Electric Restructuring Policy Decision (D.95-12-063), as modified by the Revised Policy Decision (D.96-01-009), primarily Conclusions of Law 54 and 58, and Ordering Paragraph 28, and AB 1890, primarily Code Sections 367, 368, 375, 376 and 840(d). (A.00-01-056)
billed from January 31, 2008 to December 31, 2008, the third installment was billed from January 31, 2009 to December 31, 2009 and the final portion of the three-year amortization period was billed over the first two months of 2010, January 31, 2010 through February 28, 2010). The CTCs from January 1, 2010, through December 31, 2010, are included in the total NBCs for 2010.

**TTA Charges** — The TTA charge is comprised of FTA (Fixed Transition Amount) and RRBMA (Rate Reduction Bond Memorandum Account) and only applicable to PG&E’s residential and small commercial customers, to pay back rate reduction bonds issued to finance a 10 percent reduction in rates for these customers. The last payment for TTA was made in 2007. Effective 2008 going forward, adjustments of TTA have been negative and are reflected on the bill as a credit. In 2010, the TTA credit amount is included.

**ND Charges** — ND costs are separately identified in Code Section 379 as a non-bypassable charge that will continue until those costs are fully recovered. Per PG&E Advice 1614-E, filed October 11, 1996, PG&E’s Commission-jurisdictional nuclear decommissioning accrual is approximately $33 million per year.³ Per Commission Resolution E-3903, PG&E is authorized to bill previously-transferred Mountain House customers responsible for past ND charges for the period between March 31, 2002 (when Schedule E-DEPART temporarily expired) through January 31, 2005 (when Schedule E-DEPART was reinstated), amortized over a three-year period. The 2008 bill contained the final portion of such ND amortization charges (the first was billed from April 30, 2005 to December 31, 2005, the second – from January 31, 2006 to December 31, 2006, the third – from January 31, 2007 to December 31, 2007 and the final portion of the three-year amortization period was billed over the first three months of 2008, January 31, 2008 through March 31, 2008). The 2010 bill does not contain ND amortization charges. The ND charges from January 1, 2010, through December 31, 2010, are included in the total NBCs for 2010.

The Department of Water Resources’ Bond and Power Charges, imposed by Decision 03-07-028, do not apply to the Mountain House customers due to the fact that these customers departed prior to February 1, 2001.

---

³ Nuclear Decommissioning costs were approved in the 1996 General Rate Case at $36 million per year, and then reduced by Advice 1614-E to $33 million per year after a ruling by the Internal Revenue Service.
The first NBC bill (for 2001) was calculated by: (1) aggregating the usage “snapshots” of all customers on each rate schedule; (2) applying then-current schedule-specific NBC rates to the usage totals by schedule; and (3) summing the resulting NBC bills across schedules to obtain a total bill. Since then, however, each of the remaining departed customers was individually set up for departing load billing in PG&E’s Customer Information System (CIS).\textsuperscript{4} PG&E’s CIS calculates each departed customer’s NBC bill based on monthly usage from the customer’s 12-month historic “snapshot” and the then-current NBC rates applicable to the customer’s rate schedule or otherwise approved by the Commission for municipal departing load. The monthly NBC charges for each customer plus interest at the three-month commercial paper rate are then summed across all customers to create one annual bill to send to MOD covering the preceding year.

\textsuperscript{4} Some of these 137 accounts have subsequently gone out of existence to make way for new developments. PG&E has adjusted the bill to account for the removal.
