Public Utilities Commission of the State of California

Subject: Supplemental Filing to Advice Letter 3794-E -- Sixth Amendment to the Contract for Procurement of Renewable Resources Energy Resulting From the Power Sales Agreement Between PG&E and Monterey Regional Waste Management District

Introduction

Pacific Gas and Electric Company (“PG&E”) hereby submits to the California Public Utilities Commission (“Commission” or “CPUC”), a supplemental filing for Advice Letter 3794-E, dated January 25, 2011. This supplemental filing includes the Sixth Amendment to the Power Sales Agreement (“PSA”) between PG&E and an existing Qualifying Facility (“QF”), Monterey Regional Waste Management District (“MRWMD”), which amends the PSA by modifying certain non-modifiable standard terms and conditions as required by Decision (“D.”) 10-03-021, as amended by D.11-01-025. Advice Letter 3794-E is currently pending approval at the Commission.

Background

MRWMD and PG&E are parties to an existing 2.8 megawatt (“MW”) QF PSA for a facility located at the Marina Landfill near Monterey, California. Under the existing PSA, MRWMD is providing 1.15 MW of firm capacity to PG&E, which is provided from two generators with a combined nameplate capacity of 2 MW. PG&E previously received Commission approval of a fourth amendment to the PSA (“Fourth Amendment”), submitted in Advice Letter 3507-E, which allowed PG&E to purchase 3 MW of additional capacity from two additional metered generators at MRWMD’s facility, at revised pricing terms. PG&E previously requested CPUC approval for a Fifth Amendment to the PSA (“Fifth Amendment”), submitted in Advice Letter 3794-E, which extended the time period of the Fourth Amendment by up to one year and reduced the price paid for the additional capacity. This supplemental filing is limited to updating the
non-modifiable terms in accordance with D.10-03-021, as modified by D.11-01-025.

The Sixth Amendment, which replaces the Fifth Amendment, was executed and became effective on May 17, 2011. The revised price paid for additional capacity will be effective and retroactive to December 31, 2010, upon Commission approval. A copy of the Sixth Amendment is included as confidential Appendix A to this advice letter and a summary of the key terms of the Sixth Amendment that have changed from the Fifth Amendment is included as Appendix B.

Confidentiality:

In support of this Advice Letter, PG&E submits Confidential Appendix A in the manner directed by D.08-04-023 and the August 22, 2006, Administrative Law Judge’s Ruling Clarifying Interim Procedures for Complying with D.06-06-066 to demonstrate the confidentiality of the material and to invoke the protection of confidential utility information provided under General Order 66-C. A separate Declaration Seeking Confidential Treatment is being filed concurrently with this Advice Letter.

Confidential Appendix:

Appendix A – Sixth Amendment to the PSA

Public Appendix:

Appendix B – Summary of the Key Amendment Terms

Protests

Due to the limited scope of PG&E’s supplemental filing, PG&E respectfully requests the protest period for this filing not be re-opened.

Effective Date

PG&E requests that this supplemental filing become effective concurrently with the Commission’s approval of Advice Letter 3794-E.

Notice

In accordance with General Order 96-B, Section IV, a copy of this Advice Letter excluding the confidential appendix is being sent electronically and via U.S. mail to parties shown on the attached list. Non-market participants who are members of PG&E’s

DECLARATION OF HUGH MERRIAM
SEEKING CONFIDENTIAL TREATMENT
FOR CERTAIN DATA AND INFORMATION
CONTAINED IN ADVICE LETTER 3794-E-A
(PACIFIC GAS AND ELECTRIC COMPANY - U 39 E)

I, Hugh Merriam, declare:

1. I am presently employed by Pacific Gas and Electric Company ("PG&E"), and have been an employee at PG&E since 1983. My current title is Manager within PG&E’s Energy Procurement organization. In this position, my responsibilities include negotiating new and amended Power Purchase Agreements. In carrying out these responsibilities, I have acquired knowledge of PG&E’s contracts with numerous counterparties and have also gained knowledge of the operations of electricity sellers in general. Through this experience, I have become familiar with the type of information that would affect the negotiating positions of electricity sellers with respect to price and other terms, as well as with the type of information that such sellers consider confidential and proprietary.

2. Based on my knowledge and experience, and in accordance with Decision ("D.") 08-04-023 and the August 22, 2006 "Administrative Law Judge’s Ruling Clarifying Interim Procedures for Complying with Decision 06-06-066," I make this declaration seeking confidential treatment of Appendix A to Advice Letter 3794-E-A, submitted May 19, 2011. By this Advice Letter, PG&E is seeking this Commission’s approval of an amendment that PG&E has executed with MRWMD.

3. Attached to this declaration is a matrix identifying the data and information for which PG&E is seeking confidential treatment. The matrix specifies that the material PG&E is seeking to protect constitutes the particular type of data and information listed in Appendix 1 of D.06-06-066 and Appendix C of D.08-04-023 (the "IOU Matrix"), and/or constitutes information
that should be protected under General Order 66-C. The matrix also specifies the category or categories in the IOU Matrix to which the data and information corresponds, and why confidential protection is justified. Finally, the matrix specifies that: (1) PG&E is complying with the limitations specified in the IOU Matrix for that type of data or information; (2) the information is not already public; and (3) the data cannot be aggregated, redacted, summarized or otherwise protected in a way that allows partial disclosure. By this reference, I am incorporating into this declaration all of the explanatory text in the attached matrix that is pertinent to this submittal.

I declare under penalty of perjury, under the laws of the State of California, that to the best of my knowledge the foregoing is true and correct. Executed on May 19, 2011 at San Francisco, California.

<td>1 Document: Advice Letter 3794-E-A</td>
<td>This Appendix contains the Amendment. Disclosure of the Amendment would provide valuable market sensitive information to competitors. Since RPS negotiations are still in progress with bidders from the 2006, 2006, 2007, 2008 and 2009 RPS solicitations, as well as negotiations with other QFs and bilateral RPS negotiations, this information should remain confidential for three years. Release of this information would be damaging to negotiations. Furthermore, the counterparty to the Amendment has an expectation that the terms will remain confidential. I am informed and believe that General Order 66-C also provides a basis for confidential treatment. General Order 66-C includes in its category of records not open to public inspection “Information obtained in confidence from other than a business regulated by this Commission where the disclosure would be against the public interest,” (Paragraph 2.8). It is in the public interest to treat such information as confidential because if such information were made public, it could have a damaging effect on current and future negotiations with other offers.</td>
