Advice 3251-G/3934- E
(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Revisions to PG&E’s Gas and Electric Tariffs Per Decision 11-07-056

Pacific Gas and Electric Company (“PG&E”) hereby submits for filing revisions to its gas and electric tariffs. The affected tariff sheets are listed on the enclosed Attachment 1.

Purpose

The purpose of these revised tariffs is to comply with Ordering Paragraph 2 of Decision (“D.”) 11-07-056, which requires PG&E to file a Tier 2 advice letter including whatever tariff changes are necessary to conform its corporate policies concerning customer usage data to the Rules Regarding Privacy and Security Protections for Energy Usage Data in Attachment D to D.11-07-056.

Background

In D.11-07-056, the California Public Utilities Commission (“CPUC” or “Commission”) adopted new and updated rules requiring privacy and security protections for energy usage data collected by the utilities and third parties from utility customers. Among other things, the Decision requires the utilities, including PG&E, to review their tariffs and file an advice letter revising the tariffs as necessary to conform the utilities' corporate policies concerning customer usage data to the Commission’s new and updated privacy rules.

By its terms, Decision No. 11-07-056 applies only to electrical corporations. The Commission is conducting a Phase 2 proceeding to consider how to apply the new and updated privacy rules to gas corporations, community choice aggregators, and electric service providers. Therefore, PG&E’s proposed tariff changes in this advice letter are limited to its electric tariffs; PG&E will provide similar revisions to its gas, Community
Choice Aggregation ("CCA") and Direct Access ("DA") tariffs once the Commission completes Phase 2 of its proceeding.¹

Therefore, in accordance with D.11-07-056, PG&E is proposing the following two revisions to its electric tariffs and sample forms in this advice letter:

(1) Revise PG&E Electric Rule 9, “Rendering and Payment of Bills,” Section M, “Privacy of Customer Information,” to conform to the Commission’s privacy rules, to read as follows:

M. PRIVACY OF CUSTOMER INFORMATION

In accordance with the California Public Utilities Commission’s Rules Regarding Privacy and Security Protections for Energy Usage Data, adopted in CPUC Decision No. 11-07-056, PG&E will not release information that can reasonably be used to identify an individual customer, or a customer’s family, household, or residence, including personally-identifiable financial information about a customer, to a third party without the customer’s written consent, except in certain circumstances. These certain circumstances include release of such information to third parties without the customer’s consent only as is necessary for PG&E to 1) provide or bill for electrical power or gas; 2) provide for system, grid, or operational needs; 3) provide services as required by state or federal law or as specifically authorized by an order of the California Public Utilities Commission; 4) plan, implement or evaluate demand response, energy management, or energy efficiency programs under contract with PG&E, under contract with the California Public Utilities Commission, or as part of a Commission authorized program conducted by a governmental entity under the supervision of the California Public Utilities Commission; 5) provide pursuant to legal process; or 6) provide in situations of imminent threat to life or property.

To preserve customer privacy, PG&E will not release confidential customer information, including financial information, except as referenced above, to a third party without the customer’s consent. PG&E’s customer information and website privacy policies are available for review on PG&E’s website at http://www.pge.com.

¹ PG&E’s relevant gas tariff is Gas Rule 9, Section M; its relevant CCA tariff is Electric Rule 23 and related forms; and its relevant DA tariff is Electric Rule 22 and related forms. PG&E also expects to file revised tariffs applicable to customer privacy protections relating to natural gas marketers under its Gas Rule 23.
(2) Revise PG&E Gas and Electric Sample Form 79-1095, “Authorization to Receive Customer Information or Act Upon a Customer’s Behalf” and Form 79-1096, “Authorization to Receive Customer Information or Act Upon a Customer’s Behalf” (Spanish version) to conform to the Commission’s privacy rules regarding Commission enforcement jurisdiction (Rule 1); transparency and customer notice (Rule 2); purpose specification (Rule 3); customer access and control (Rule 4); and use and non-disclosure limitations (Rule 6).²

Separate from the changes in electric tariffs proposed by this advice letter, PG&E is fully implementing the other requirements and programs required by the Privacy Rules which apply without the need for specific tariff revisions. These requirements and programs include, *inter alia*:

- Providing new and existing customers with the notices and purpose specifications required by Rules 2 and 3;
- Providing customers access and control of their customer information as required by Rule 4;
- Minimizing the amount of customer-specific data that PG&E collects, retains and discloses as required by Rule 5;
- Implementing controls, procedures, programs and contractual agreements to ensure that employees, agents, contractors and other third-parties comply with the use and disclosure limitations and customer authorizations required by Rule 6;
- Ensuring that data quality and integrity guidelines are met under Rule 7;
- Ensuring that PG&E implements reasonable data security requirements and controls to protect covered information from unauthorized access or disclosure, and to notify and report breaches of data security requirements under Rule 8; and
- Complying with customer complaint, employee training, and Commission audit and reporting requirements under Rule 9.

---

² PG&E will use the same text as contained in Electric Sample Forms 79-1095 and 79-1096 equally with electric customers as well as gas customers, energy service providers, core transport agents, and community choice aggregators, pending a decision in Phase 2 of R.08-12-009. For the purpose of this filing, Gas Sample Form 79-1095 is included in this advice filing for approval to indicate its equality with Electric Sample Form 79-1095 but subject to any further changes in Phase 2 of this proceeding. PG&E proposes to identically revise its Electric Sample Form 79-1096 (“Authorization to Receive Customer Information or Act Upon a Customer’s Behalf,” in Spanish) upon approval of this advice filing.

N. BILL CREDITS FOR CUSTOMERS IN THE SAN BRUNO GAS PIPELINE EXPLOSION AREA

A natural gas explosion on a natural gas pipeline in the City of San Bruno on September 9, 2010, has severely inconvenienced three-hundred and seventy-four (374) customers in the area of San Bruno bounded by Sneath Lane to the north, San Bruno Avenue to the south, Skyline Boulevard to the west, and Crestmoor Canyon Open Space to the east ('affected area'). In recognition of this, PG&E will provide bill credits to the three-hundred and seventy-four (374) customers as described in this Section N. Such bill credits will be at PG&E shareholder expense using a bill relief credit.

1. Customer Accounts Eligible for Bill Credits:
   i. Customer accounts for each premises located in the affected area of San Bruno will receive bill credits as described in this Section.
   ii. Customer accounts for temporary service to premises located in the affected area during reconstruction will receive bill credits as described in this Section.
   iii. The customer of record whose residence in the affected area was rendered uninhabitable will receive bill credits for the account at a temporary residence as described in this section. PG&E will handle complex or unique temporary residence situations on a case-by-case basis.

2. Duration of Bill Credits:
   i. Customers whose residence in the affected area of San Bruno was destroyed or rendered uninhabitable as determined by officials of the City of San Bruno will receive bill credits extending through the January 2012 billing cycle with resumption of regular billing to occur with the February 2012 billing cycle. Such customers who sell their house in the affected area prior to it being rebuilt and permanently relocate to a new service address before January 2012 will receive bill credits through the January 2012 billing cycle at their new service address if it is within PG&E's service territory.
   ii. All other customers in the affected area of San Bruno will receive bill credits through the December 2010 billing cycle with resumption of regular billing to occur with the January 2011 billing cycle.

3. Description of Bill Credits: Bill credits will apply to all charges due under the customer's otherwise applicable rate schedule including, but not limited to, usage charges, customer charges, and applicable taxes and fees.
