Advice 4213-E  
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject:  Limited One Time Agreement to Perform Tariff Scheduled Related Work for the California Department of Water Resources

Pacific Gas and Electric Company (PG&E) hereby submits for filing a limited one time agreement modifying PG&E’s standard indemnity clause as it appears on Form 62-4527.

Purpose

Approval of indemnity clause as it appears in attached Limited One Time Agreement to Perform Tariff Scheduled Related Work.

Background

The California Department of Water Resources (DWR) has requested that PG&E relocate certain overhead electric distribution facilities located adjacent to the Cache Creek levee in Yolo County. DWR requested the relocation of PG&E’s distribution facilities to accommodate the realignment of the Cache Creek levee. The project involves the removal of 5 poles and overhead electric conductors in conflict with the levee improvements. The line will be relocated in a new alignment that will be parallel to realigned levee, 15 feet from the toe of the levee. A replacement right of way will be provided to PG&E for the new alignment of the distribution pole line. Electric Rule 15.I.1 governs the relocation of distribution facilities. Relocation is generally performed under PG&E’s general contract form, Agreement to Perform Tariff Schedule Related Work, Form 62-4527. DWR has objected to the scope of the indemnity provision in Form 62-4527, and has requested that its obligation to indemnify PG&E be limited to any losses that are caused by or result from DWR’s negligent or intentional acts or omissions. To address this concern, PG&E has agreed to modify the indemnity language found in Form 62-4527 and to use revised language in a limited One Time Agreement to Perform Tariff Scheduled Related Work.
One Time Form 62-4527 Revisions

Please see attached Limited One Time Agreement to Perform Tariff Scheduled Related Work.
