Advice 4226-E
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Revisions to Electric Schedules E-ESP, E-EUS, and E-CCA, and Eliminate Electric Preliminary Statement Part AU In Compliance With D.13-04-020

Pacific Gas and Electric Company ("PG&E") hereby submits for filing revisions to its electric tariffs. The affected tariff sheets are listed on the enclosed Attachment 1.

Purpose

This advice filing revises PG&E's electric Schedules E-ESP, Services to Energy Services Providers, E-EUS, End User Service, and E-CCA, Services to Community Choice Aggregators, and eliminates Electric Preliminary Statement Part AU, Direct Access Discretionary Cost/Revenue Memorandum Account (DADCRMA) in compliance with Ordering Paragraphs (OP.) 2, 3 and 9 of Decision (D.) 13-04-020.

Background

In Decision 11-05-018, the CPUC approved the settlement agreement in PG&E's 2011 General Rate Case (A.09-12-020). Among other things, the settlement agreement provided that PG&E would file an application by January 1, 2012 to comprehensively reassess all of its Direct Access (DA) and Community Choice Aggregation (CCA) service fees.

On December 23, 2011, in compliance with OP 22 of D.11-05-018, PG&E filed and served Application (A.) 11-12-009 seeking approval to reassess its DA and CCA service fees. PG&E also submitted direct testimony concurrent with its application.

The application was protested on January 27, 2012, by The Utility Reform Network (TURN) and, jointly, the Alliance for Retail Energy Markets (AREM), City and County of San Francisco (CCSF), Direct Access Customer Coalition (DACC), Gas and Power Technologies, Marin Energy Authority (MEA), Retail Energy Supply Association, and the School Project for Utility Rate Reduction, (together the Protesting Parties). Over the
subsequent months, PG&E and the Protesting Parties engaged in settlement negotiations to resolve the proceeding.

On July 31, 2012, PG&E, on behalf of AReM, CLECA, DACC, MEA and itself (together, the Settling Parties), filed a motion for adoption of a settlement agreement (Settlement Agreement) addressing all issues in the proceeding.

The Settlement Agreement compromised the parties’ positions by adopting a consolidated fee structure for MDMA Services and Billing Services, while maintaining an unconsolidated fee structure for Metering Services. The Settlement Agreement simplified PG&E’s DA/CCA fee structure, providing greater transparency for DA and CCA providers and hopefully promoting greater efficiency in PG&E’s administration of such fees. The Settlement Agreement also compromised the parties’ position by adopting fees that fall between the litigation positions of the parties.

In addition, the Settlement Agreement ensured that PG&E’s DA/CCA fees and Schedule E-Credits are escalated annually and will be updated more comprehensively in PG&E’s 2017 General Rate Case Phase 2.

The motion was unopposed.

On April 18, 2013, the Commission issued D.13-04-020 granting the unopposed motion for approval of the multi-party Settlement Agreement setting PG&E’s Direct Access and Community Choice Aggregation Service Fees and approving disposition of the DADCRMA.
