A separate Declaration Seeking Confidential Treatment is being filed with this Second Supplement.

III. Attachments

In support of this Second Supplement, PG&E is attaching the following documents:
Section 5: Confidential 2012 RPS RFO Workpapers

¹ Letter from Paul Clanon to Maria Vanko (granting extension to deadlines associated with the 2012 RPS Solicitation, including the filing of the Tier 2 Shortlist Report to June 7, 2013).
IV. Effective Date

PG&E requests that this Tier 2 supplemental filing be approved effective concurrent with Advice 4238-E and Advice 4238-E-A on **July 7, 2013**.

DECLARATION OF SANDRA J. BURNS
SEEKING CONFIDENTIAL TREATMENT
FOR CERTAIN DATA AND INFORMATION CONTAINED IN
ADVICE LETTER 4238-E-B
(PACIFIC GAS AND ELECTRIC COMPANY - U 39 E)

I, Sandra J. Burns, declare:

1. I am presently employed by Pacific Gas and Electric Company ("PG&E"), and have been an employee at PG&E since 1985. I am a principal in the Renewable Energy group in the Energy Procurement department within PG&E. I am responsible for managing PG&E's Renewables Portfolio Standard solicitation and negotiating power purchase agreements with counterparties. In carrying out these responsibilities, I have acquired knowledge of such sellers in general and, based on my experience in dealing with facility owners and operators, I am familiar with the types of data and information about their operations that such owners and operators consider confidential and proprietary.

3. Attached to this declaration is a matrix identifying the data and information for which PG&E is seeking confidential treatment. The matrix specifies that the material PG&E is seeking to protect constitutes the particular type of data and information listed in Appendix 1 of D.06-06-066 and Appendix C of D.08-04-023 (the "IOU Matrix"), or constitutes information that should be protected under General Order 66-C. The matrix also specifies the category or categories in the IOU Matrix to which the data and information corresponds, and why
confidential protection is justified. Finally, the matrix specifies that: (1) PG&E is complying with the limitations specified in the IOU Matrix for that type of data or information, if applicable; (2) the information is not already public, and (3) the data cannot be aggregated, redacted, summarized or otherwise protected in a way that allows partial disclosure. By this reference, I am incorporating into this declaration all of the explanatory text in the attached matrix that is pertinent to this submittal.

I declare under penalty of perjury, under the laws of the State of California, that to the best of my knowledge, the foregoing is true and correct. Executed on July 15, 2013, at San Francisco, California.

Sandra J. Burns

<td>This section contains bid information, quantitative analyses, and evaluations of bids from the 2012 RPS Solicitation. The trend of renewable energy offers received by PG&amp;E and the near term prices would provide strategic market information to potential sellers and would therefore constitute market sensitive information. Disclosure of this information would provide valuable market sensitive information to competitors. Release of this information would be damaging to negotiations with other counterparties and should remain confidential. In addition, to the extent not covered by the Matrix, Section 5 contains certain information that PG&amp;E understands the developers consider proprietary and confidential and should be redacted pursuant to General Order 66-C.</td>
<td>For information covered under Item VII (un-numbered category following VII G), remain confidential for three years. For information covered under Item VIII A), remain confidential until after final contracts submitted to CPUC for approval. For information covered under Item VIII B), remain confidential for three years after winning bidders selected. For information covered under General Order 66-C, remain confidential indefinitely.</td>
