Advice 4276-E
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: **Sale and Conveyance of Certain Distribution Pole Streetlight Bracket Assemblies, excluding the Luminaires, to the City of Richmond – Request for Approval Under Section 851**

Purpose

Pursuant to Section 851 of the California Public Utilities Code ("Section 851"), Pacific Gas and Electric Company ("PG&E") and the City of Richmond ("City") hereby respectfully request authority of the California Public Utilities Commission ("Commission") to grant PG&E authority to sell and convey to the City certain distribution pole streetlight bracket assemblies, excluding the luminaires, located within the City, on the terms and conditions specified in the Bill of Sale ("Agreement"), between PG&E and the City attached hereto as Attachment 1.

Background

PG&E currently owns approximately 3,000 distribution pole streetlight bracket assemblies (collectively, the "Facilities") located in the City. A preliminary listing of the Facilities to be transferred and a description of the approximate location of the Facilities is provided in Exhibit A of the Agreement. The parties are currently conducting a joint inventory to be completed by the end of August, and have stipulated that the updated inventory shall replace Exhibit A to the Agreement when completed. The Facilities are being sold "as is," with no warranty. The City has agreed to pay PG&E a price equal to Replacement Cost New Less Depreciation ("RCNLD") for the Facilities. By owning and operating its own Facilities, the City will be able to install its own streetlight luminaires and purchase power from PG&E on Electric Rate Schedule LS-2, which will result in significant savings for City.

In accordance with General Order ("G.O.") 173, PG&E provides the following information related to the proposed transaction:

(a) Identity of All Parties to the Proposed Transaction:

Pacific Gas and Electric Company
Charles R. Lewis, IV
Law Department
P.O. Box 7442
San Francisco, CA 94120
Telephone: (415) 973-6610
Facsimile: (415) 973-5520
Email: CRL2@pge.com

Bill Lindsay, City Manager
City of Richmond
450 Civic Center Plaza
P.O. Box 4046
Richmond, California 94804
Telephone: (510) 620-6512
E-mail:
bill_lindsay@ci.richmond.ca.us

(b) Complete Description of the Facilities and Property Including Present Location, Condition and Use:

The Facilities consist of approximately 3,000 distribution pole streetlight bracket assemblies owned by PG&E and located within the City. The Facilities include all streetlight brackets, all hardware used to attach the bracket to the distribution pole, and streetlight service wire from the service delivery point on the PG&E distribution system. The description of the Facilities contained in Exhibit A of the Agreement, as amended by the final joint inventory when completed, is intended to include all Facilities owned by PG&E within the City.

(c) Intended Use of the Property and Facilities:

The proposed sale represents all remaining Facilities owned by PG&E and located within the City. PG&E is informed that the City does not plan any physical changes to the Facilities, except for installing new light emitting diodes ("LED") luminaires.

The City has also signed a "PG&E Pole Contact Agreement" (see Attachment 2) allowing the City to have its Facilities attached to PG&E's electric distribution poles and by which the City will be allowed to maintain the Facilities with properly trained power-line qualified personnel.

(d) Complete Description of Financial Terms of the Proposed Transaction:

The purchase price for the Facilities is approximately one hundred forty three thousand dollars ($143,000), (excluding any sales tax legally due) and is based upon the Replacement Cost New Less Depreciation ("RCNLD") value. The purchase price will be adjusted for any additions to and retirements from the Facilities that may be made as a result of the joint

inventory described above. Other terms and conditions of the proposed sale are contained in the Agreement.

(e) Description of How Financial Proceeds of the Transaction Will Be Distributed:

The Facilities consist of electric distribution assets. Disposition of the proceeds from the sale of the facilities will be made in accordance with the policy for the allocation of the gains and losses on the sale of electric distribution assets adopted in the Commission's Gain on Sale Rulemaking, in D.06-05-041 as modified in D.06-12-043. Pursuant to the foregoing authority, PG&E will credit the gain on sale to the Depreciation Reserve, consistent with CFR Title 18, Electric Plant Instruction 10, Paragraph F accounting.

(f) Statement on the Impact of the Transaction on Ratebase and Any Effect on the Ability of the Utility to Serve Customers and the Public:

The sale of the Facilities does not adversely affect existing ratepayers. It is expected that customers will see neither a decline in service, nor an increase in cost due to the sale. The Facilities sale is to a California Municipal Corporation, the Facilities are located within the geographically-defined area of the City, the streetlights were included in rate base, and, pending Commission approval, PG&E will be relieved of the public utility duty to operate and maintain the Facilities, and the City of Richmond will assume those public utility duties.

(g) The Original Cost, Present Book Value, and Present Fair Market Value for Sales of Real Property and Depreciable Assets, and a Detailed Description of How the Fair Market Value Was Determined (e.g., Appraisal):

The original cost of the facilities was $92,085 and the net book value of the facilities is $1,090. The present fair market value based upon the Replacement Cost New Less Depreciation ("RCNLD") is approximately $143,000. See Attachment 3 for a more detailed description of how the fair market value was determined.

(h) The Fair Market Rental Value for Leases of Real Property, and a Detailed Description of How the Fair Market Rental Value Was Determined:

The Agreement does not involve the lease of real property.

(i) For Fair Market Rental Value of the Easement or Right-of-Way and a Detailed Description of How the Fair Market Rental Value Was Determined:

The Agreement does not involve transfer of an easement or right-of-way.

(j) A Complete Description of any Recent Past (Within the Prior Two Years) or Anticipated Future Transactions that May Appear To Be Related to the Present Transaction:[1]

There are no other transactions between PG&E and the City of Richmond that are related to this sale transaction.

(k) Sufficient Information and Documentation (Including Environmental Review Information) to Indicate that All Criteria Set Forth in Rule 3 of General Order ("GO") 173 are Satisfied:

PG&E has provided information in this Advice Letter to satisfy the eligibility criteria under GO 173 in that:

- The activity proposed in the transaction will not require environmental review by the CPUC as a Lead Agency (see (m) below);
- The transaction will not have an adverse effect on the public interest or on the ability of PG&E to provide safe and reliable service to its customers at reasonable rates;
- The transaction will not materially impact the rate base of PG&E; and
- The transaction does not warrant a more comprehensive review that would be provided through a formal Section 851 application.

(l) Additional Information to Assist in the Review of the Advice Letter:

PG&E is not aware of any additional relevant information other than what is included with this advice letter.

(m) Environmental Information

Pursuant to GO 173, the Advice Letter program applies to proposed transactions that will not require environmental review by the CPUC as a

[1] During adoption of the Advice Letter pilot program in ALJ-186 (later followed by ALJ-202 and ALJ-244), this category of information was included to enable the CPUC to ensure that utilities were not seeking to circumvent the $5 million Advice Letter threshold by dividing what is a single asset with a value of more than $5 million into component parts each valued at less than $5 million, which is clearly not the case here. (*See* CPUC Resolution ALJ-186, issued August 25, 2005, mimeo, p.5.)

lead agency under the California Environmental Quality Act ("CEQA") either because: (a) a statutory or categorical exemption applies (the applicant must provide a notice of exemption from the Lead Agency or explain why an exemption applies), or (b) because the transaction is not a project under CEQA (the applicant must explain the reasons why it believes that the transaction is not a project), or (c) because another public agency, acting as the Lead Agency under CEQA, has completed environmental review of the project, and the Commission is required to perform environmental review of the project only as a Responsible Agency under CEQA.

Per (b) above, the proposed transaction is not a "project' under CEQA as it only constitutes a change in ownership; therefore, the proposed transaction will not require environmental review. Following the transaction, the City will install new LED luminaires, but CEQA for that subsequent project will be the responsibility of the City.

Protests

Anyone wishing to protest this filing may do so by sending a letter by September 18, 2013, which is 20 days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:

CPUC Energy Division
ED Tariff Unit
505 Van Ness Avenue, 4th Floor
San Francisco, California 94102

Facsimile: (415) 703-2200
E-mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address shown above.

The protest shall also be sent to PG&E either via E-mail or U.S. mail (and by facsimile, if possible) at the address shown below on the same date it is mailed or delivered to the Commission:

Brian K. Cherry
Vice President, Regulatory Relations
Pacific Gas and Electric Company
77 Beale Street, Mail Code B10C
P.O. Box 770000
San Francisco, California 94177

Facsimile: (415) 973-7226
E-mail: PGETariffs@pge.com

Any person (including individuals, groups, or organizations) may protest or respond to an advice letter. (General Order 96-B, Section 7.4.) The protest shall contain the following information: specification of the advice letter protested; grounds for the protest; supporting factual information or legal argument; name, telephone number, postal address, and (where appropriate) e-mail address of the protestant; and statement that the protest was sent to the utility no later than the day on which the protest was submitted to the reviewing Industry Division (General Order 96-B, Section 3.11).

Effective Date

Pursuant to the review process outlined in General Order 173, PG&E requests that this Tier 2 advice filing become effective on September 28, 2013, which is 30 days from the date of filing.

Notice

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically and/or via U.S. mail to parties shown on the attached list. Address changes to the General Order 96-B service list should be directed to PG&E at email address PGETariffs@pge.com. For changes to any other service list, please contact the Commission's Process Office at (415) 703-2021 or at Process_Office@cpuc.ca.gov. Send all electronic approvals to PGETariffs@pge.com. Advice letter filings can also be accessed electronically at: http://www.pge.com/tariffs.

Attachment 1

Bill of Sale

BILL OF SALE

This BILL OF SALE, is made and effective as of July __ , 2013 (this "Bill of Sale"), by and between the **City of Richmond**, a California municipal corporation ("Richmond"), and **Pacific Gas and Electric Company**, a California corporation ("PG&E").

W I T N E S S E T H:

WHEREAS, PG&E is the owner of certain utility equipment consisting of high pressure sodium vapor ("HPSV") streetlights attached to utility distribution poles located in the City of Richmond, Contra Costa County, California by means of a bracket assembly.

WHEREAS, PG&E has for many years operated these HPSV streetlights for Richmond pursuant to the LS-1A tariff schedule.

WHEREAS, Richmond has requested that PG&E discontinue streetlight service and remove the HPSV streetlights so that Richmond might install new light emitting diode ("LED") streetlights on the same poles.

WHEREAS, the new LED streetlights can use the same bracket assembly, consisting of the streetlight bracket, all hardware used to attach the bracket to the distribution pole, and streetlight service wire from the service delivery point on the PG&E distribution system (to be connected to the replacement luminaire on the bracket), previously installed to attach PG&E's HPSV streetlights to those same poles.

WHEREAS, PG&E would have no further operations need for the streetlight bracket assemblies and PG&E has agreed to sell said assemblies, free of any liens or encumbrances, for a price equal to the replacement cost new, less depreciation ("RCNLD").

WHEREAS, Richmond has agreed to purchase these distribution streetlight bracket assemblies, as more particularly described in Exhibit A attached hereto and incorporated by this reference ("PG&E Equipment"), for the RCNLD price, subject to approval of the sale by the California Public Utilities Commission ("CPUC") pursuant to section 851 of the California Public Utilities Code.

WHEREAS, PG&E will seek CPUC approval of the sale of the streetlight bracket assemblies as soon as practicable following approval of this Bill of Sale by Richmond.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. Conveyance. PG&E does hereby irrevocably and unconditionally sell, grant, convey, assign, transfer and deliver to Richmond all of its right, title and interest in and to all distribution pole streetlight bracket assemblies currently installed within the City of Richmond (PG&E Equipment) and Richmond hereby accepts such sale, grant, conveyance, assignment, transfer and delivery of same.

2. Warranty of Title. PG&E expressly warrants that it has unencumbered title to the PG&E Equipment and that there are no liens of any kind on the streetlight bracket assemblies.

3. CPUC Approval. The parties expressly agree that the sale of the streetlight bracket assemblies by PG&E is subject to the jurisdiction and approval of the CPUC.

4. Facsimile Signature; Counterparts. This Bill of Sale may be executed in two (2) or more counterparts (including by means of electronic scan or facsimile), each of which shall be deemed an original and all of which shall, taken together, be considered one and the same agreement.

5. Governing Law and Jurisdiction. This Bill of Sale shall be governed by the laws of the State of California.

IN WITNESS WHEREOF, the parties hereto have caused this Bill of Sale to be duly executed as of the date first set forth above.

PG&E Pole Contact Agreement

Pacific Gas and Electric Company

Customer-Owned Streetlights PG&E Pole Contact Agreement

DISTRIBUTION:
- ☐ DIVISION
- ☐ APPLICANT
- ☐ G.O. TARIFFS

REFERENCE:
Job No. 30798487

City of Richmond, a Governmental Agency (Applicant), has elected to enter into this Agreement with PACIFIC GAS AND ELECTRIC COMPANY, a California corporation (PG&E).

PG&E owns, operates and maintains overhead electric distribution facilities located in geographic areas within the political jurisdiction of Applicant.

Applicant desires to enter into an agreement with PG&E that will (a) allow having that portion of the Applicant's existing streetlights to contact PG&E's distribution poles, and (b) specify conditions for future installation, operation, maintenance, use or removal of Applicant's streetlights. PG&E is willing to permit Applicant to have such pole contacts under the following terms and conditions:

1. **POLE CONTACT PERMISSION.**

   a. Existing Streetlights. PG&E hereby gives Applicant general permission under the terms and conditions herein stated to contact, replace, operate, maintain, and use existing luminaires, lamps, photocells, support arms and service wiring facilities (hereinafter Equipment) installed on poles owned by PG&E or jointly owned by PG&E and others. Such permission covers all existing lights owned by the Applicant that are mounted on PG&E-owned poles, based on the most current billing records as of the date of this Agreement. However, specific permission for such streetlights must be in the form of pole Contact Permits for specific locations.

   b. New Streetlights. Applicant or its contractor shall not install any new or additional equipment on PG&E's poles without first securing PG&E's written approval in the form of a Contact Permit for specific locations. Within (30) days of receipt of the application, PG&E will either grant the permit or deny the permit and specify why the action cannot be taken. Upon the receipt of each such approved Contact Permit, Applicant shall have the right to install, operate, maintain and use the additional equipment on the poles specified in such permit and under the terms and conditions specified in this Agreement, (thereafter included as Equipment), which shall be considered a part of each such permit without regard to whether this Agreement is referred to in each Contact Permit.

2. **POLE CONTACT PERMITS.** PG&E will provide Contact Permits in the form attached and marked Exhibit A to Applicant for the specific locations involved, and shall charge no pole contact fee for each electric distribution pole covered under this contact Agreement unless such a fee is permitted in the future under authorization by the California Public Utilities Commission (Commission).

3. **PRIOR POLE CONTACT AGREEMENT.** This Agreement shall supersede any previous pole contact agreement between PG&E and the Applicant insofar as it may pertain to street lighting.

4. **PG&E REQUIREMENTS.** Facilities installed under this Agreement shall be subject to all of the provisions of the General Orders of the Commission, and PG&E's applicable tariff schedules on file with and authorized by the Commission and further shall at all times be subject to such changes or modifications as the Commission may, from time to time, direct in the exercise of its jurisdiction.

5. **SERVICE DELIVERY.** PG&E will supply electrical energy and service to streetlight equipment owned by Applicant in accordance with the provisions of rate Schedule LS-2 for customer-owned street and highway lighting.

6. **WORK ON POLES.** Any person working on applicant-owned Equipment mounted on PG&E-owned poles must be qualified to work on such Equipment in the vicinity of PG&E's energized conductors (i.e., Qualified Electrical Worker or performing work under the supervision of a Qualified Electrical Worker. See Title 8, Electrical Safety Orders, Section 2949). Any contractor used by Applicant to perform work on the Equipment contacting PG&E's distribution facilities shall be one previously approved by PG&E as qualified to perform such work, and shall meet the insurance requirements outlined in this Agreement. Upon request, PG&E will supply a list of approved contractors to Applicant.

   All work on Applicant's Equipment installed on PG&E's poles shall be performed by Applicant's personnel or contractor operating from either a ladder or bucket truck. Direct climbing of PG&E-owned poles by Applicant's personnel or contractor is prohibited, unless access requires pole climbing by Applicant's authorized personnel qualified to climb.

7. **SAFETY PRECAUTIONS.** Applicant and PG&E shall perform all work in compliance with applicable federal, state and local laws, rules and regulations. Applicant shall inform all persons doing work on PG&E's facilities and insure that all work of non-PG&E employees is planned and conducted in a manner to safeguard persons and property from injury. Work performed in areas adjacent to PG&E's energized electric facilities also shall be performed in accordance with PG&E's established safety rules and practices, as shown on PG&E's Engineering Standard identified as Exhibit B attached, or as directed by PG&E. In no case shall Applicant have work performed above the height of the 120/240 volt secondary conductors on PG&E's facilities.

8. **INSURANCE REQUIREMENTS.** Applicant shall provide evidence to PG&E of insurance or self-insurance to secure the payment of Worker's Compensation in compliance with the Labor Code of California and, where applicable, shall secure payment of liability under any other similar applicable law. Upon request, Applicant shall provide PG&E evidence of insurance or self-insurance and shall cause any contractor performing work under this Agreement to procure and maintain in effect during the term of his work bodily injury liability insurance with limits of not less than $2,000,000 combined single limit (including automobile) for bodily injury and property damage as a result of any one occurrence. Such contractor's insurance must be satisfactory to PG&E and shall guarantee Applicant's performance of the above indemnity obligation and shall also be endorsed to (a) include PG&E as an additional named insured insofar as this Agreement is concerned, (b) contain a cross-liability clause, and (c) provide that written notice shall be given to PG&E at least thirty (30) days prior to cancellation or material change in the form of such policies or endorsements. Upon request, Applicant will furnish PG&E with original copies of the policies and endorsements. PG&E shall have the right to inspect the original policies of such insurance.

9. **REARRANGEMENT FOR INSTALLATION.** If any rearrangement of or addition to PG&E's existing electric distribution facilities is required to permit Applicant to install Equipment on PG&E's poles, PG&E shall notify Applicant of the nature and PG&E's estimated cost of such work. If Applicant finds such cost acceptable, it shall notify PG&E by letter, including a purchase order number or equivalent authorization to reimburse PG&E for the cost of such work. PG&E shall, thereafter, complete the work within a reasonable time and bill Applicant.

10. **OTHER REARRANGEMENTS.** Should PG&E find it necessary to perform any work (removal, replacement or relocation) on its distribution poles on which Applicant maintains its Equipment, and such work is (a) requested by local governmental agencies, (b) requested by the State of California Department of Transportation (CalTrans), (c) needed to replace deteriorated poles, (d) caused by an emergency (storm damage, accidents, etc.), or (e) caused by the actions of a third party or parties outside of PG&E's control, Applicant shall, at its own expense, rearrange its Equipment as necessary, or remove, relocate, replace, or transfer its Equipment to substitute poles, if available, as designated by PG&E. PG&E will give Applicant thirty (30) days written notice for such necessary work, except in the case of an emergency, said notice may be delayed but for not more than (10) days after commencement of the emergency work. In the event that Applicant does not perform its work prior to PG&E's scheduled work, or in cases of emergency, PG&E may at the expense of Applicant perform such work or other associated work in connection with the Equipment that may be required for the operating needs of PG&E.

11. **SERVICE CONNECTION/DISCONNECTION.** Connection or disconnection of Applicant's service wires to PG&E's secondary conductors will be performed only by PG&E. This work shall be performed at Applicant's expense based on the flat cost table attached as Exhibit C. This table is subject to change and use by PG&E annually under this agreement, without formal amendment to this Agreement.

12. **EQUIPMENT REMOVAL.** Applicant or its contractor may remove its Equipment from any poles hereunder upon giving ten (10) days advance written notice to PG&E; provided, however, in case of an emergency, said notice may be delayed but for not more than (10) days after commencement of the emergency work. Such notice shall be given by executing a Notice of Contract Removal in the form attached hereto as Exhibit D.

13. **EQUIPMENT ABANDONMENT.** Abandonment of any Equipment under this Agreement, at a location by Applicant shall terminate all of its rights and privileges at that location. Abandonment shall be presumed if any Equipment is not used for a three (3) month period, unless Applicant notifies PG&E in writing of a specific temporary period of disuse of its Equipment. In such instances, the Equipment will not be considered abandoned until three months after the temporary disuse period has lapsed. After the expiration of such period, PG&E shall have the right to remove and retain possession of the Equipment, provided that at least thirty (30) days prior to such removal or possession, PG&E has mailed to Applicant written notice of its intention, and Applicant has neither responded nor commenced using the Equipment. PG&E has the right to collect from Applicant all expenses incurred for removal of such Equipment. Equipment shall not be considered in disuse for any period in which it is inoperable due to failure of electrical service to it, or failure of any component requiring repair or replacement until a reasonable opportunity has been given to Applicant to effect the repair or replacement. Nor shall Equipment be considered disused if it becomes inoperable and this condition is not made known to the Applicant in a timely manner.

14. **INDEMNIFICATION.** Applicant shall indemnify and hold harmless PG&E, its officers, agents and employees, against all loss, damage, expense and liability resulting from injury to or death of person, including but not limited to employees of PG&E, Applicant, or any third party, or any damage to property, including but not limited to, property of PG&E, Applicant, or any third party, arising out of or in any way connected with the performance of this Agreement and any and all construction activities however caused, except to the extent caused by the active negligence or willful misconduct of PG&E, its officers, agents and employees. Applicant will pay any cost that may be incurred by PG&E in enforcing this indemnity, including reasonable attorneys' fees.

15. **GENERAL WAIVER.** Should either party fail to enforce any specific provision of this Agreement, it shall not be deemed a general waiver or relinquishment by that party of any provision in this agreement.

16. **PAYMENT FOR WORK.** Any amount due from Applicant to PG&E for work performed under the provisions of this Agreement are payable in advance of PG&E commencing work, however, where prohibited by law, Applicant may pay the amount within a period of (30) days after the work is completed.

17. **TERM OF AGREEMENT.** Notwithstanding any other provisions hereof, this Agreement shall be and remain in effect for an initial period of ten (10) years from the date of this Agreement, and shall extend thereafter for successive terms of one (1) year each, unless otherwise terminated by either party on not less than twelve (12) months advance written notice to the other party at the expiration of the initial or any subsequent term.

18. **OBLIGATION AFTER TERMINATION.** Any termination of Applicant's rights and privileges under this Agreement shall not relieve Applicant of any obligations, whether of indemnity or otherwise, which has accrued prior to such termination or completion of removal of Applicant's equipment, whichever is later, or which arises out of an occurrence happening prior thereto.

19. **ASSIGNMENT.** Applicant may assign this Agreement, in whole or part, only if PG&E consents in writing and the party to whom the Agreement is assigned (Assignee) agrees in writing to perform the obligations of Applicant hereunder and to be bound by this Agreement in all respects. Assignment of this Agreement shall not release Applicant from any of the obligations under this Agreement unless such a release is specifically agreed to in writing this Agreement unless such a release is specifically agreed to in writing by PG&E and the Assignee. Such assignment, unless otherwise provided therein, shall be deemed to include Applicant's right to any refunds then unpaid or which may thereafter become payable.

20. **COMMISSION JURISDICTION.** This Agreement shall be subject to all of PG&E's tariff schedules on file with and authorized by the Commission and shall at all times be subject to such changes or modifications as the Commission may direct from time to time in the exercise of its jurisdiction. These may include, but are not limited to changes or modifications to monthly cost of ownership charges (higher or lower percentage rates), extension rules, and rate schedules.

MATERIAL: FURNISHED AND INSTALLED BY THE CUSTOMER

ITEM	DESCRIPTION
1	Luminaire and mounting bracket
2	Photoelectric Relay, Twist Lock Type
3	Conduit, 1/2" PVC, Schedule 40
4	Staple, Galvanized 2 1/4" x 3/8" x 3/16"
5	Wire, #10, Solid Copper, PVC, 600V.
6	Bolt, Mach. 1/2" x 10" Length
7	Lag Screw, 1/2" x 4" Length
8	Washer, 2 1/4" Sq., 5/8" Bolt Size
9	Identification

MATERIALS FURNISHED AND INSTALLED BY P.G. & E.

ITEM	DESCRIPTION	DRAWING Number	DRAWING Part	CODE
A	Rack, Extended, Secondary, 3-Spool	015187	1	31-6054
B	Conduit, 1/2" PVC, Schedule 40	021324		36-0369
C	Conduit 2" PVC, .100" Wall Thickness			36-0134
D	Plumbers Tape, Galvanized			17-6024
