Advice 4408-E
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of Kent South Solar Project Power Line Interconnection in the County of Kings

Pacific Gas and Electric Company (“PG&E” or “the Company”) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

To interconnect a developer’s planned RE Kent South Solar Project to the electric transmission system, PG&E will reroute and loop approximately 608 feet of the existing Henrietta-Tulare Lake 70 kV Power Line into and out of the solar generating facility in Kings County (minor relocation). PG&E will install approximately two 60-foot-tall tubular steel poles adjacent to the solar project switching station, which is located approximately 150 feet northwest of the intersection of Avenal Cutoff Road and 25th Avenue (larger project CEQA). PG&E will also interset approximately two 75-foot-tall tubular steel poles along the existing power line, which extends along 25th Avenue (intersetting structures). Construction is tentatively scheduled to begin in summer 2014, or as soon as project plans and approvals are in place. Construction is scheduled to be completed in November 2014, or as soon as possible after construction begins.

CPUC General Order 131-D, Section III, Subsection B.1, exempts projects meeting specific conditions from the CPUC’s requirement to file an application

requesting authority to construct. The Company believes this project qualifies for the following exemption(s),

- c. “the minor relocation of existing power line facilities up to 2,000 feet in length, or the intersetting of additional support structures between existing support structures.”
- f. “power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation.”

The County of Kings adopted a Mitigated Negative Declaration for the RE Mustang, RE Kent South, and RE Orion Solar Generation Facilities Project on August 9, 2012 and Addendum dated January 1, 2014, finding no significant unavoidable environmental impacts resulting from PG&E’s proposed facilities. (State Clearinghouse # 2012061038)

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by May 27, 2014, which is 22¹ days after the date of this filing. Protests should be mailed to the following address:

CPUC Energy Division
ED Tariff Unit
505 Van Ness Avenue, 4th Floor
San Francisco, California 94102

Facsimile: (415) 703-2200
E-mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

¹ The regular 20-day protest period concludes on a non-business day, therefore, PG&E is moving this date to the next business day.

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Public Comment

Individuals or groups who do not file an official protest may still submit a comment on the request to the Energy Division at the address noted above, reference Advice Letter 4408-E.

Effective Date

This Company requests that this advice filing become effective on June 4, 2014, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. All electronic approvals should be sent to e-mail PGETariffs@pge.com. Advice letter filings can also be accessed electronically at <http://www.pge.com/tariffs/>.

PROJECT NAME: Kent South Solar Project Power Line Interconnection - (Kings County, P. No. 05599)
ADVICE LETTER NUMBER: 4408-E

Proposed Project: To interconnect a developer's planned RE Kent South Solar Project to the electric transmission system, PG&E will reroute and loop approximately 608 feet of the existing Henrietta-Tulare Lake 70 kV Power Line into and out of the solar generating facility in Kings County (minor relocation). PG&E will install approximately two 60-foot-tall tubular steel poles adjacent to the solar project switching station, which is located approximately 150 feet northwest of the intersection of Avenal Cutoff Road and 25th Avenue (larger project CEQA). PG&E will also interconnect approximately two 75-foot-tall tubular steel poles along the existing power line, which extends along 25th Avenue (interconnecting structures). Construction is tentatively scheduled to begin in summer 2014, or as soon as project plans and approvals are in place. Construction is scheduled to be completed in November 2014, or as soon as possible after construction begins.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, B.1, exempts a utility from the CPUC's requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption(s):

- c. "the minor relocation of existing power line facilities up to 2,000 feet in length, or the interconnecting of additional support structures between existing support structures."
- f. "power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation."

The County of Kings adopted a Mitigated Negative Declaration for the RE Mustang, RE Kent South, and RE Orion Solar Generation Facilities Project on August 9, 2012 and Addendum dated January 1, 2014, finding no significant unavoidable environmental impacts resulting from PG&E's proposed facilities. (State Clearinghouse # 2012061038)

Additional Project Information: To obtain further information on the proposed project, please call PG&E's Project Information Line at (415) 973-5530.

Public Review Process: Individuals or groups may protest the proposed construction if they believe that PG&E has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

- 1. Your name, mailing address and daytime telephone number.
- 2. Reference to the CPUC Advice Letter Number and Project Name.
- 3. A clear description of the reason for the protest.
- 4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by May 27, 2014 at the following address:

Director, Energy Division
 California Public Utilities Commission
 505 Van Ness Avenue, Fourth Floor
 San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
 Pacific Gas and Electric Company
 P.O. Box 7442
 San Francisco, California 94120

PG&E must respond within five business days of receipt and serve its response on each protestant and the Energy Division. Within 30 days after PG&E has submitted its response, the CPUC Executive Director will send you a copy of an Executive Resolution granting or denying PG&E's request and stating the reasons for the decision.

Assistance in Filing a Protest: If you need assistance in filing a protest, contact the CPUC Public Advisor: email: public.advisor@cpuc.ca.gov or call: 1-866-849-8390 (toll-free), or (415) 703-2074, or TTY (415) 703-5258.

Public Comment: Even if you do not want to file an official protest, you may still comment on the request. To do so, send your comments to the Energy Division at the address noted above. Please reference Advice Letter 4408-E.
