Advice 4542-E
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of Jefferson Stanford 60 kV Power Line Minor Relocation in the City of Palo Alto

Pacific Gas and Electric Company ("PG&E" or "the Company") hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct or Certificate of Public Convenience and Necessity.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

Stanford University has requested PG&E to relocate approximately 920 feet of the existing Jefferson-Stanford 60 Kilovolt (kV) Power Line on the Stanford campus to interconnect the university's new Stanford Substation (minor relocation). The relocated segment will begin at the intersection of Electioneer Road and Fremont Road, and will follow the south edge of the Stanford golf course, ending on the west side of the new substation. To support the relocated power line, PG&E will install approximately four tubular steel, light-duty steel, and wood poles, ranging in height from approximately 60 to 90 feet tall. The new line may later be placed underground as it enters Stanford Substation. Once the line is re-routed and the new substation is in operation, the existing line that runs from the intersection of Electioneer Road and Fremont Road to the decommissioned Cardinal Cogen plant will be removed. In addition, to keep the existing power line in service during construction, PG&E will also relocate 500 feet of the existing line onto approximately two 50- to 70-foot-tall wood poles north/west of the substation (minor relocation). Construction is tentatively scheduled to begin in January 2015, or as soon as project plans and approvals

are in place. Construction is scheduled to be completed in December 2015 or as soon as possible after construction begins.

CPUC General Order 131-D, Section III.A (transmission line relocations) and III.B.1 (switching station) exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption(s),

- c. "the minor relocation of existing power line facilities up to 2,000 feet in length, or the intersetting of additional support structures between existing support structures"

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by December 24, 2014, which is 20 days after the date of this filing. Protests should be mailed to the following address:

CPUC Energy Division
ED Tariff Unit
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200
E-Mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

Facsimile: (415) 973-0516

Meredith Allen
Senior Director, Regulatory Relations
Pacific Gas and Electric Company
P.O. Box 770000, Mail Code B10C
San Francisco, California 94177

Facsimile: (415) 973-7226
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Public Comment

Individuals or groups who do not file an official protest may still submit a comment on the request to the Energy Division at the address noted above, referencing Advice Letter 4542-E.

Effective Date

The Company requests that this advice filing become effective on January 3, 2014, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. All electronic approvals should be sent to e-mail PGETariffs@pge.com. Advice letter filings can also be accessed electronically at <http://www.pge.com/tariffs/>.

PROJECT NAME: JEFFERSON-STANFORD 60 KV POWER LINE RELOCATION
ADVICE LETTER NUMBER: 4542-E

Proposed Project: Stanford University has requested Pacific Gas and Electric Company (PG&E) to relocate approximately 920 feet of the existing Jefferson-Stanford 60 Kilovolt (kV) Power Line on the Stanford campus to interconnect the university's new Stanford Substation (minor relocation). The relocated segment will begin at the intersection of Electioneer Road and Fremont Road, and will follow the south edge of the Stanford golf course, ending on the west side of the new substation. To support the relocated power line, PG&E will install approximately four tubular steel, light-duty steel, and wood poles, ranging in height from approximately 60 to 90 feet tall. The new line may later be placed underground as it enters Stanford Substation. Once the line is re-routed and the new substation is in operation, the existing line that runs from the intersection of Electioneer Road and Fremont Road to the decommissioned Cardinal Cogen plant will be removed. In addition, to keep the existing power line in service during construction, PG&E will also relocate 500 feet of the existing line onto approximately two 50- to 70-foot-tall wood poles north/west of the substation (minor relocation). Construction is tentatively scheduled to begin in January 2015, or as soon as project plans and approvals are in place. Construction is scheduled to be completed in December 2015 or as soon as possible after construction begins.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, B.1, exempts a utility from the CPUC's requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption:

- c. "the minor relocation of existing power line facilities up to 2,000 feet in length, or the intersetting of additional support structures between existing support structures."

Additional Project Information: To obtain further information on the proposed project, please call PG&E's Project Information Line at (415) 973-5530.

Public Review Process: Individuals or groups may protest the proposed construction if they believe that PG&E has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by December 24, 2014 at the following address:

With a copy mailed to:

Director, Energy Division
 California Public Utilities Commission
 505 Van Ness Avenue, Fourth Floor
 San Francisco, California 94102

David Kraska, Law Department
 Pacific Gas and Electric Company
 P.O. Box 7442
 San Francisco, California 94120

PG&E must respond within five business days of receipt and serve its response on each protestant and the Energy Division. Within 30 days after PG&E has submitted its response, the CPUC Executive Director will send you a copy of an Executive Resolution granting or denying PG&E's request and stating the reasons for the decision.

Assistance in Filing a Protest: If you need assistance in filing a protest, contact the CPUC Public Advisor:
 email: public.advisor@cpuc.ca.gov or call: 1-866-849-8390 (toll-free), or (415) 703-2074, or TTY (415) 703-5258

Public Comment: Even if you do not want to file an official protest, you may still comment on the request. To do so, send your comments to the Energy Division at the address noted above. Please reference Advice Letter 4542-E.
