Advice 4601-E
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Relocation of Newark-Milpitas No. 2 115 kV Power Line on Montague Expressway

Pacific Gas and Electric Company (“PG&E” or “the Company”) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct or Certificate of Public Convenience and Necessity.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

Santa Clara County has requested PG&E to relocate approximately 1,800 feet of the Newark-Milpitas No. 2 115 kV Power Line to accommodate an expansion of Montague Expressway at its intersection with South Milpitas Boulevard. The project begins on South Milpitas Boulevard, approximately 420 feet north of Montague Expressway. The relocated power line will span across the road to the east side of South Milpitas Boulevard and immediately transition back to the west side of the road before spanning to the south side of Montague Expressway. Continuing southwest on Montague Expressway, the line will shift approximately 1 to 3 feet south of its current location for approximately 1,300 linear feet. To accomplish the relocation, PG&E will remove approximately nine existing wood poles and replace them with approximately seven wood poles, several with supporting cables. The new poles will be approximately the same height as the existing poles or approximately 10 feet taller to accommodate CPUC General Order 95 ground-to-conductor clearance requirements and an existing
distribution line that is located on the transmission poles. Construction is tentatively scheduled to begin in May 2015 or as soon as project plans and approvals are in place. Construction will be completed in December 2015, or as soon as possible after construction begins.

CPUC General Order 131-D, Section III, B.1, exempts a utility from the CPUC’s requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption:

c. “the minor relocation of existing power line facilities up to 2,000 feet in length, or the interseting of additional support structures between existing support structures.”

This filing will not cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by April 2, 2015 which is 20 days after the date of this filing. Protests should be mailed to the following address:

    CPUC Energy Division  
    ED Tariff Unit  
    505 Van Ness Avenue  
    San Francisco, California 94102

    Facsimile: (415) 703-2200  
    E-Mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

    David T. Kraska  
    Attorney, Law Department  
    Pacific Gas and Electric Company  
    P.O. Box 7442  
    San Francisco, California 94120

    Facsimile: (415) 973-0516
Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Public Comment

Individuals or groups who do not file an official protest may still submit a comment on the request to the Energy Division at the address noted above, referencing Advice Letter 4601-E.

Effective Date

The Company requests that this advice filing become effective on April 12, 2015, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the “Notice Distribution List” included in Attachment I. All electronic approvals should be sent to e-mail PGETariffs@pge.com. Advice letter filings can also be accessed electronically at http://www.pge.com/tariffs/.

PROJECT NAME: NEWARK-MILPITAS NO. 2 115 KV POWER LINE RELOCATION (MONTAGUE EXPRESSWAY) (City of Milpitas, PM 31010068)  
ADVICE LETTER NUMBER: 4601-E

Proposed Project: Santa Clara County has requested PG&E to relocate approximately 1,800 feet of the Newark-Milpitas No. 2 115 kV Power Line to accommodate an expansion of Montague Expressway at its intersection with South Milpitas Boulevard. The project begins on South Milpitas Boulevard, approximately 420 feet north of Montague Expressway. The relocated power line will span across the road to the east side of South Milpitas Boulevard and immediately transition back to the west side of the road before spanning to the south side of Montague Expressway. Continuing southwest on Montague Expressway, the line will shift approximately 1 to 3 feet south of its current location for approximately 1,300 linear feet. To accomplish the relocation, PG&E will remove approximately nine existing wood poles and replace them with approximately seven wood poles, several with supporting cables. The new poles will be approximately the same height as the existing poles or approximately 10 feet taller to accommodate CPUC General Order 95 ground-to-conductor clearance requirements and an existing distribution line that is located on the transmission poles. Construction is tentatively scheduled to begin in May 2015 or as soon as project plans and approvals are in place. Construction will be completed in December 2015, or as soon as possible after construction begins.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, B.1, exempts a utility from the CPUC’s requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption:

c. “the minor relocation of existing power line facilities up to 2,000 feet in length, or the intersetting of additional support structures between existing support structures.”

Additional Project Information: To obtain further information on the proposed project, please call PG&E’s Project Information Line at (415) 973-5530.

Public Review Process: Individuals or groups may protest the proposed construction if they believe that PG&E has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or

b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or

c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by April 2, 2015 at the following address:

Director, Energy Division
ED Tariff Unit
California Public Utilities Commission
505 Van Ness Avenue, Fourth Floor
San Francisco, California 94102

With a copy mailed to:
David Kraska, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

PG&E must respond within five business days of receipt and serve its response on each protestant and the Energy Division. Within 30 days after PG&E has submitted its response, the CPUC Executive Director will send you a copy of an Executive Resolution granting or denying PG&E’s request and stating the reasons for the decision.

Assistance in Filing a Protest: If you need assistance in filing a protest, contact the CPUC Public Advisor: email: public.advisor@cpuc.ca.gov or call: 1-866-849-8390 (toll-free), or (415) 703-2074, or TTY (415) 703-5258.

Public Comment: Even if you do not want to file an official protest, you may still comment on the request. To do so, send your comments to the Energy Division at the address noted above. Please reference Advice Letter 4601-E.
