SUBJECT: Diablo Canyon Independent Safety Committee (DCISC) Yearly Compensation Letter

Dear Ms. Allen:

Advice Letter 4610-E is effective as of April 1, 2015.

Sincerely,

Edward Randolph
Director, Energy Division

Advice 4610-E
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Diablo Canyon Independent Safety Committee (DCISC) Yearly Compensation Letter

Purpose

Pacific Gas and Electric Company (PG&E) hereby submits its annual report (Attachment 1) for establishing the compensation levels for the members of the Diablo Canyon Independent Safety Committee (DCISC or Committee) in compliance with Decision (D.) 88-12-083, dated December 19, 1988, and Resolution E-3152, dated May 19, 1989.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.

Background

In D.88-12-083, the California Public Utilities Commission (CPUC or Commission) adopted the Diablo Canyon Settlement Agreement, which included among other things the establishment of the DCISC, to be made up of persons with knowledge, background, and experience in the field of nuclear power facilities. The DCISC is to review Diablo Canyon operations for the purpose of assessing the safety of operations and suggesting any recommendations for safe operation.

In Resolution E-3152, the CPUC adopted compensation rates for DCISC committee members which included:

- An annual retainer of $8000;
- An hourly fee of $200 for committee work in excess of 40 hours per year;
- A flat fee of $500 for each committee meeting attended; and
- Reimbursement of expenses incurred in performance of committee work.
Resolution E-3152 also established that committee member compensation be set at levels commensurate with fees paid by PG&E for comparable services, such as services received by PG&E from persons overseeing its Nuclear Decommissioning Trust Funds.

Since the Committee’s creation, committee member compensation levels have been revised twice. Advice Letter 1857-E, filed by PG&E on April 1, 1999, as approved by Resolution E-3608 revised the DCISC member compensation by replacing the meeting appearance flat fee of $500 with an hourly fee. Advice Letter 3677-E-A, filed by PG&E on April 1, 2011, as approved by the CPUC Energy Division Director revised the annual retainer, hourly meeting fee and the hourly fee for work performed outside of committee meetings in excess of 40 hours per year.

The 2014 DCISC Compensation Advice Letter (Advice Letter 4389-E) retained the revised compensation levels approved in Advice Letter 3677-E-A, which established the current DCISC member compensation as follows:

- An annual retainer of $10,000;
- A fee of $250 per hour for attendance at committee meetings;
- An hourly fee of $250 for committee work performed outside of committee meetings in excess of 40 hours per year; and
- Reimbursement of expenses incurred in performance of committee work.

The annual report examines the current fees paid to members of the DCISC, in comparison to fees paid to members of the Nuclear Facilities Decommissioning Master Trust Committee and the Nuclear Safety Oversight Committee. Based on the report findings, PG&E recommends no change to the existing committee member compensation levels.

**Protests**

Anyone wishing to protest this filing may do so by letter sent via U.S. mail, facsimile or E-mail, no later than April 21, 2015, which is 20 days after the date of this filing. Protests must be submitted to:

DCISC Compensation Levels
I. Purpose

The purpose of this report is to provide an evaluation of the compensation paid to persons who provide comparable services to those of the DCISC as delineated in Finding #3 of CPUC Resolution E-3152 and to make a recommendation regarding adjustments to be made, if any, to the compensation paid to DCISC members.

II. Background

Finding #7 of CPUC Resolution E-3152 "Diablo Canyon Independent Safety Committee - Standards for compensation and accounting guidelines" states the following:

7. PG&E should annually, on April 1, file a report and advice letter with CACD [Commission Advisory and Compliance Division of the CPUC] to update the compensation levels set forth in findings 3 and 4.

Findings 3 and 4 read as follows:

3. Comparable services are those received by PG&E from the persons overseeing its Nuclear Decommissioning Trust Funds and from expert consultants used by PG&E in connection with the Diablo Canyon nuclear power plant.

4. Under the above findings, appropriate levels of compensation for members of the committee are as follows. Each member should receive an annual retainer of $8,000. Each member should receive an hourly fee of $200 for hours of committee work in excess of 40 hours per year, except that each member should receive a flat fee of $500 for each committee meeting that he or she attends. Each member should receive reimbursement, consistent with procedures for such reimbursement as established by the committee, of his or her expenses incurred in the performance of duties as committee member.

Since the Committee’s creation, committee member compensation levels have been revised twice. Advice Letter 1857-E, filed by PG&E on April 1, 1999, as approved by Resolution E-3608 revised the DCISC member compensation by replacing the meeting appearance flat fee of $500 with an hourly fee. Advice Letter 3677-E-A, filed by PG&E on April 1, 2011, as approved by the CPUC Energy Division Director revised the annual retainer, hourly meeting fee and the hourly fee for work performed outside of committee meetings in excess of 40 hours per year.

The 2014 DCISC Compensation Advice Letter (Advice Letter 4389-E) retained the revised compensation levels approved in Advice Letter 3677-E-A, which established the current DCISC member compensation as follows:

- An annual retainer of $10,000;
- A fee of $250 per hour for attendance at committee meetings;
- An hourly fee of $250 for committee work performed outside of committee meetings in excess of 40 hours per year; and
- Reimbursement of expenses incurred in performance of committee work.
III. Compensation Evaluation

A. Nuclear Facilities Decommissioning Master Trust Committee Member Compensation

The Nuclear Facilities Decommissioning Master Trust Committee is composed of two PG&E employee members and three non-PG&E affiliated members. The outside members are senior representatives from the financial community, including a retired chief investment officer and a retired chief financial officer. The outside member compensation level is $12,000 annual retainer plus $500 per meeting. Over the last several years, two meetings have been held per year on average with each meeting being approximately one and a half hours in duration. It is estimated that about four hours is required by the committee members to prepare for each meeting.

B. Expert Consultant Compensation

Nuclear Safety Oversight Committee

There are currently five paid outside consultants to the Nuclear Safety Oversight Committee (NSOC). Outside consultants for the NSOC are selected on the basis of their nuclear industry experience and their ability to provide valuable insight to the committee relative to the safe operation of Diablo Canyon. The current consultants bring significant nuclear industry experience to the committee as exemplified by their former positions in the industry:

- Two Retired Nuclear Industry Vice Presidents
- Three Senior Nuclear Industry Consultants

The current NSOC consultants receive compensation of $250 - $300 an hour for work performed on NSOC business. NSOC site visit frequency shall not be less than twice per year. The NSOC Site Visits are typically four days duration each. In addition to attendance at the Site Visits, the consultants are expected to review numerous plant documents in support of committee business.

C. Current DCISC Member Compensation

The DCISC is made up of three members. These members are selected on the basis of their nuclear experience and their ability to provide valuable insight to the committee relative to the safe operation of Diablo Canyon. The current membership consists of individuals with extensive nuclear experience from both the power industry and the academic community as follows:

- Retired NRC Administrative Judge
- Nuclear Utility Industry Consultant
- Major University Professor of Nuclear Engineering

The current compensation paid to the DCISC members as originally established by the CPUC in Resolution E-3152 and subsequently revised in Resolution E-3608 and modified in Advice Letter 3677-E-A remains appropriate. Each member receives an annual retainer of $10,000. In addition, the members receive an hourly fee of $250 for hours of committee work in excess of 40 hours per year. The members are also compensated for
attendance at public meetings at an hourly rate of $250. Typically, three one and one-half day public meetings are held each year with a plant tour accompanying each meeting.

IV. Recommendation

The compensation paid to the DCISC members for time spent on committee business as delineated above, is reasonable when compared to the compensation paid for comparable services as defined in the benchmarks above. No change is recommended.
