San Francisco, CA 94177

Subject: Submits Notice of Construction, Pursuant to G.O. Order 131-D, for the Construction of Knights Landing Levee Power Line Relocations in the County of Yolo

Dear Ms. Allen:

Advice Letter 4613-E is effective May 3, 2015.

Sincerely,

Edward F. Randolph, Director
Energy Division
April 3, 2015

Advice 4613-E
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

**Subject:** Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of Knights Landing Levee Power Line Relocations in the County of Yolo

Pacific Gas and Electric Company (“PG&E” or “the Company”) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

**Purpose**

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

**Background**

The Knights Landing Ridge Cut Drainage District has requested PG&E to relocate approximately 3,200 feet of the District 1500 Tap 60 Kilovolt (kV) Power Line and replace approximately 2 wood poles on the Nicolaus-Wilkins Slough 60 kV Power Line to accommodate the agency’s planned levee improvements in Yolo County (larger project CEQA). The levee segment is located just north of County Road 16, approximately 3 miles southeast of the community of Knights Landing. To relocate the power line, PG&E will remove approximately 13 wood poles and replace them with approximately 13 new poles constructed in a similar alignment approximately 10 to 50 feet to the east. The new wood and light-duty steel poles will be approximately 1 to 26 feet taller than the existing poles. The taller poles are needed to comply with California Public Utilities Commission (CPUC) General Order 95 minimum ground-to-conductor clearance requirements over the reconstructed levee. PG&E’s work is tentatively scheduled to begin in May 2015, or as soon as project plans and approvals are in place. Construction is scheduled to be completed in May 2015, or as soon as possible after construction begins.
CPUC General Order 131-D, Section III, Subsection B.1, exempts projects meeting specific conditions from the CPUC’s requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption:

f. “power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation.”

Knights Landing Ridge Cut Drainage District adopted a Second Addendum to the Initial Study/Mitigated Negative Declaration for the Sacramento River Flood Control System Evaluation Phase III, Mid-Valley, Contract Area 3 Project, finding no significant unavoidable environmental impacts resulting from PG&E’s proposed facilities (State Clearinghouse # 2012082015).

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

**Protests**

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by April 23, 2015, which is 20 days after the date of this filing. Protests should be mailed to the following address:

CPUC Energy Division  
ED Tariff Unit  
505 Van Ness Avenue  
San Francisco, California 94102

Facsimile: (415) 703-2200  
E-Mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska  
Attorney, Law Department  
Pacific Gas and Electric Company  
P.O. Box 7442  
San Francisco, California 94120

Facsimile: (415) 973-0516
Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Public Comment

Individuals or groups who do not file an official protest may still submit a comment on the request to the Energy Division at the address noted above, referencing Advice Letter 4613-E.

Effective Date

The Company requests that this advice filing become effective on May 3, 2015, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the “Notice Distribution List” included in Attachment I. All electronic approvals should be sent to e-mail PGETariffs@pge.com. Advice letter filings can also be accessed electronically at http://www.pge.com/tariffs/.

PROJECT NAME: KNIGHTS LANDING LEVEE POWER LINE RELOCATIONS (PM 31035630, Yolo County)

ADVICE LETTER NUMBER: 4613-E

Proposed Project: The Knights Landing Ridge Cut Drainage District has requested PG&E to relocate approximately 3,200 feet of the District 1500 Tap 60 Kilovolt (kV) Power Line and replace approximately 2 wood poles on the Nicolaus-Wilkins Slough 60 kV Power Line to accommodate the agency’s planned levee improvements in Yolo County (larger project CEQA). The levee segment is located just north of County Road 16, approximately 3 miles southeast of the community of Knights Landing. To relocate the power line, PG&E will remove approximately 13 wood poles and replace them with approximately 13 new poles constructed in a similar alignment approximately 10 to 50 feet to the east. The new wood and light-duty steel poles will be approximately 1 to 26 feet taller than the existing poles. The taller poles are needed to comply with California Public Utility Commission (CPUC) General Order 95 minimum ground-to-conductor clearance requirements over the reconstructed levee. PG&E’s work is tentatively scheduled to begin in May 2015, or as soon as project plans and approvals are in place. Construction is scheduled to be completed in May 2015, or as soon as possible after construction begins.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, B.1, exempts a utility from the CPUC’s requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption:

f. “power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation.”

Knights Landing Ridge Cut Drainage District adopted a Second Addendum to the Initial Study/Mitigated Negative Declaration for the Sacramento River Flood Control System Evaluation Phase III, Mid-Valley, Contract Area 3 Project, finding no significant unavoidable environmental impacts resulting from PG&E’s proposed facilities (State Clearinghouse # 2012082015).

Additional Project Information: To obtain further information on the proposed project, please call PG&E’s Project Information Line at (415) 973-5530.

Public Review Process: Individuals or groups may protest the proposed construction if they believe that PG&E has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or

b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or

c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by April 23, 2015 at the following address:

Director, Energy Division
ED Tariff Unit
California Public Utilities Commission
505 Van Ness Avenue, Fourth Floor
San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

PG&E must respond within five business days of receipt and serve its response on each protestant and the Energy Division. Within 30 days after PG&E has submitted its response, the CPUC Executive Director will send you a copy of an Executive Resolution granting or denying PG&E’s request and stating the reasons for the decision.

Assistance in Filing a Protest: If you need assistance in filing a protest, contact the CPUC Public Advisor:
email: public.advisor@cpuc.ca.gov or call: 1-866-849-8390 (toll-free), or (415) 703-2074, or TTY (415) 703-5258.
Public Comment: Even if you do not want to file an official protest, you may still comment on the request. To do so, send your comments to the Energy Division at the address noted above. Please reference Advice Letter 4613-E.
