San Francisco, CA 94177

**Subject: Submits Notice of Construction, Pursuant to G.O. 131-D, for
the Construction of Excelsior Switching Station and Five Points
Solar Project Interconnection in the County of Fresno**

Dear Ms. Allen:

Advice Letter 4651-E is effective July 17, 2015.

Sincerely,

A handwritten signature in cursive script that reads "Edward Randolph".

Edward Randolph
Director, Energy Division

June 17, 2015

Advice 4651-E
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of Excelsior Switching Station and Five Points Solar Project Interconnection in the County of Fresno

Pacific Gas and Electric Company (“PG&E” or “the Company”) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

To interconnect Five Points Solar Park LLC’s planned Burford Five Points Solar Park Project to the electric transmission system, Five Points Solar Park LLC is proposing to construct a new approximately 6-acre Excelsior Switching Station in Fresno County (larger project CEQA) and transfer its ownership to PG&E. The proposed solar facility is located approximately 3 miles southwest of the intersection of West Mount Whitney and South Colusa Avenues, and approximately 7.5 mile southwest of the unincorporated community of Five Points. The new switching station is located within the solar project boundaries and on the south side of PG&E’s existing Panoche-Schindler No. 1 and No. 2 115 Kilovolt (kV) Power Lines. To interconnect the switching station to the existing double-circuit power line, PG&E will relocate and loop approximately 1,000 feet of the existing lines into and out of the switching station. PG&E will intersert approximately 4 new tubular steel poles in line with the existing towers and install an additional 4 new tubular steel poles to the south of the existing lines, adjacent to the switching station. The new poles will be approximately 100 to 120 feet tall, which is approximately the same height or shorter than the existing towers. Construction is tentatively scheduled to begin in August 2015, or as soon as project plans and approvals are in place. Construction is scheduled to be completed in April 2016, or as soon as possible after construction begins.

CPUC General Order 131-D, Section III, Subsection B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption:

- f. "power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation."

The County of Fresno adopted a Mitigated Negative Declaration for the Five Points Solar Park Solar Generation Facilities Project on April 10, 2014 and Addendum dated June 4, 2015, finding no significant unavoidable environmental impacts resulting from PG&E's proposed facilities. (State Clearinghouse # 2014011053)

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by July 7, 2015, which is 20 days after the date of this filing. Protests should be mailed to the following address:

CPUC Energy Division
ED Tariff Unit
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200
E-Mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

Facsimile: (415) 973-0516

Erik Jacobson
Director, Regulatory Relations
Pacific Gas and Electric Company
P.O. Box 770000, Mail Code B10C
San Francisco, California 94177

Facsimile: (415) 973-7226
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Public Comment

Individuals or groups who do not file an official protest may still submit a comment on the request to the Energy Division at the address noted above, referencing Advice Letter 4651-E.

Effective Date

The Company requests that this Tier 2 advice filing become effective on July 17, 2015, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. All electronic approvals should be sent to e-mail PGETariffs@pge.com. Advice letter filings can also be accessed electronically at <http://www.pge.com/tariffs/>.

(Date Filed/ Received Stamp by CPUC)

Advice Letter (AL) #: **4651-E**

Tier: **2**

Subject of AL: **Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of Excelsior Switching Station and Five Points Solar Project Interconnection in the County of Fresno**

Keywords (choose from CPUC listing): Power Lines

AL filing type: Monthly Quarterly Annual One-Time Other _____

If AL filed in compliance with a Commission order, indicate relevant Decision/Resolution #: N/A

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL: No

Summarize differences between the AL and the prior withdrawn or rejected AL: _____

Is AL requesting confidential treatment? If so, what information is the utility seeking confidential treatment for: No

Confidential information will be made available to those who have executed a nondisclosure agreement: N/A

Name(s) and contact information of the person(s) who will provide the nondisclosure agreement and access to the confidential information: _____

Resolution Required? Yes No

Requested effective date: **July 17, 2015**

No. of tariff sheets: N/A

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: N/A

Service affected and changes proposed: N/A

Pending advice letters that revise the same tariff sheets: N/A

Protests, dispositions, and all other correspondence regarding this AL are due no later than 20 days after the date of this filing, unless otherwise authorized by the Commission, and shall be sent to:

**PROJECT NAME: Excelsior Switching Station and Five Points Solar Project Interconnection
(Fresno County, P. No. 08082)
ADVICE LETTER NUMBER: 4651-E**

Proposed Project: To interconnect Five Points Solar Park LLC's planned Burford Five Points Solar Park Project to the electric transmission system, Five Points Solar Park LLC is proposing to construct a new approximately 6-acre Excelsior Switching Station in Fresno County (larger project CEQA) and transfer its ownership to Pacific Gas and Electric Company (PG&E). The proposed solar facility is located approximately 3 miles southwest of the intersection of West Mount Whitney and South Colusa Avenues, and approximately 7.5 mile southwest of the unincorporated community of Five Points. The new switching station is located within the solar project boundaries and on the south side of PG&E's existing Panoche-Schindler No. 1 and No. 2 115 Kilovolt (kV) Power Lines. To interconnect the switching station to the existing double-circuit power line, PG&E will relocate and loop approximately 1,000 feet of the existing lines into and out of the switching station. PG&E will interconnect approximately 4 new tubular steel poles in line with the existing towers and install an additional 4 new tubular steel poles to the south of the existing lines, adjacent to the switching station. The new poles will be approximately 100 to 120 feet tall, which is approximately the same height or shorter than the existing towers. Construction is tentatively scheduled to begin in August 2015, or as soon as project plans and approvals are in place. Construction is scheduled to be completed in April 2016, or as soon as possible after construction begins.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, Subsection B.1, exempts a utility from the CPUC's requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption(s):

- f. "power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation."

The County of Fresno adopted a Mitigated Negative Declaration for the Five Points Solar Park Solar Generation Facilities Project on April 10, 2014 and Addendum dated June 4, 2015, finding no significant unavoidable environmental impacts resulting from PG&E's proposed facilities. (State Clearinghouse # 2014011053)

Additional Project Information: To obtain further information on the proposed project, please call PG&E's Project Information Line at (415) 973-5530.

Public Review Process: Individuals or groups may protest the proposed construction if they believe that PG&E has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by July 7, 2015 at the following address:

Director, Energy Division
ED Tariff Unit
California Public Utilities Commission
505 Van Ness Avenue, Fourth Floor
San Francisco, California 94102

With a copy mailed to:
David Kraska, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

PG&E must respond within five business days of receipt and serve its response on each protestant and the Energy Division. Within 30 days after PG&E has submitted its response, the CPUC Executive Director will send you a copy of an Executive Resolution granting or denying PG&E's request and stating the reasons for the decision.

(P.No. 08082/SAP Order No. 31063212/MWC82)

Assistance in Filing a Protest: If you need assistance in filing a protest, contact the CPUC Public Advisor:
email: public.advisor@cpuc.ca.gov or call: 1-866-849-8390 (toll-free), or (415) 703-2074, or TTY (415) 703-5258.

Public Comment: Even if you do not want to file an official protest, you may still comment on the request. To do so, send your comments to the Energy Division at the address noted above. Please reference Advice Letter 4651-E.
