Re: Notice of Proposed Real Property Disposition – 630 West San Fernando Street, San Jose

Dear Tribal Leader:

We are writing to notify you that Pacific Gas and Electric Company (PG&E) plans to sell a vacant property at the western edge of downtown San Jose. Located at 630 West San Fernando Street, the property consists of a ± 0.19 -acre "L" shaped parcel of vacant land. The enclosed Property Information Sheet provides additional factual background relating to the property. PG&E is disposing of the property because it is no longer useful or necessary. Our reason for selling is to accommodate a request to sell this land in order to enable a city street project to be built.

A record search of the California Native American Heritage Commission's Sacred Lands File has identified the above-referenced property to be within ancestral territory of the Muwekma Ohlone Indian Tribe of the SF Bay Area. We are providing this notification consistent with the requirements of the California Public Utilities Commission's (Commission's) Land Disposition Policy adopted December 5, 2019, *Investor-Owned Utility Real Property-Land Disposition – First Right of Refusal for Disposition of Real Property Within the Ancestral Territories of California Native American Tribes*, which may be found at www.cpuc.ca.gov/tribal. Under this Land Disposition Policy, the tribe is provided a right of first refusal on the real property before PG&E may put the property on the market.

In accordance with the Land Disposition Policy, the tribe has ninety (90) days to respond to this notification as to its interest in acquiring the property by providing a written offer. PG&E supports the Commission's objective of ensuring tribal interests are appropriately considered in any sale of its property. For this reason, we are offering to consult with the tribe regarding its interest in acquiring the property within the 90 days. In addition, we appreciate any input, comments or information you would like to share

regarding any cultural resources that may exist on the property. We will ensure your input is provided to the Commission as it reviews any future disposition of the property.
