Re: Notice of Proposed Real Property Disposition – 241 Yamane Drive, Gilroy

Dear Tribal Leader:

We are writing to notify you that Pacific Gas and Electric Company (PG&E) plans to sell a parcel with improvements in Gilroy. Located at 241 Yamane Drive, the property consists of a ±8.85-acres parcel that includes two metal buildings. The enclosed Property Information Sheet provides additional factual background relating to the property. PG&E is disposing of the property because it was purchased for a service center that was never built and it is surplus land.

A record search of the California Native American Heritage Commission's Sacred Lands File has identified above-referenced property to be within Amah Mutsun Tribal Band of Mission San Juan Bautista's ancestral territory. We are providing this notification consistent with the requirements of the California Public Utilities Commission's (Commission's) Land Disposition Policy adopted December 5, 2019, *Investor-Owned Utility Real Property-Land Disposition – First Right of Refusal for Disposition of Real Property Within the Ancestral Territories of California Native American Tribes*.² Under this Land Disposition Policy, the tribe is provided a right of first refusal on the real property before PG&E may put the property on the market.

In accordance with the Land Disposition Policy, the tribe has ninety (90) days to respond to this notification as to its interest in acquiring the property by providing a written offer. PG&E supports the Commission's objective of ensuring tribal interests are appropriately considered in any sale of its property. For this reason, we are offering to consult with the tribe regarding its interest in acquiring the property within the 90 days. In addition, we appreciate any input, comments or information you would like to share regarding any cultural resources that may exist on the property. We will ensure your input is provided to the Commission as it reviews any future disposition of the property.
