

Environmental Policy

Our Environmental Policy reflects our environmental commitment and challenges us to find ways to produce, deliver, and use energy as safely and sustainably as possible. It is our policy to:

- Comply fully with the letter and spirit of all applicable environmental laws and regulations.
- Maintain an environmental management system that: (1) fosters environmental excellence and innovation, (2) ensures that regular independent reviews of all environmental aspects of our business are conducted through a risk-informed process, (3) trains employees on applicable environmental requirements and the importance of environmental leadership to achieving our vision, and (4) strives for continuous improvement.
- Lead by example and reduce our impact on the environment by delivering clean energy, building more sustainable and climate-resilient operations, and serving as responsible stewards of land, wildlife and cultural resources.
- Proactively engage with our customers to help them use less energy and better manage their energy footprint.
- Advocate for public policies that create greater environmental benefits while balancing the needs of our customers, communities and shareholders.
- Partner with our stakeholders as we strive to meet our environmental commitment.
- Publicly communicate our progress and performance.
