Background

In Decision (D.) 12-05-037, the CPUC requires the four EPIC Administrators to consult with interested stakeholders no less than twice a year, both during the development of each investment plan and during its execution. D.15-04-020 requires one of these two annual workshops to be an EPIC Innovation Symposium intended to achieve the following: share progress, results, and future plans; improve coordination and

understanding among administrators, parties, and the CPUC; raise awareness and visibility of EPIC investments; and, promote program transparency. The four EPIC Administrators plan to hold the first EPIC Innovation Symposium later in 2015.

D.12-05-037 requires EPIC Administrators to provide notice of the biannual meetings to the parties on the service list of R.11-10-003 and any subsequent related proceedings.
