Residential CCA Energy Statement

1. **Delivery Charges**
   - PG&E charges to get the electricity to your establishment.

2. **Generation Charges**
   - CCA charges to procure the electricity that you use.
PCIA definition

See page 3 for charge details
Delivery Charges Summary

1. Generation credit is PG&E’s charge for the electric commodity, credited back to customers since PG&E does not provide the electric generation.

2. Ensures that non-exempt customers under PG&E’s GT and ECR rate schedules or who purchase electricity (generation) from non-PG&E suppliers pay their share of generation costs.
## Service Agreement
Refer to this number when speaking with your CCA.

## Generation Details
This is the CCA charge for your electric generation.

## Contact
This is your contact information for your CCA.
