* As reported to the California Energy Commission’s Power Source Disclosure Program. PG&E data is subject to an independent audit and verification that will not be completed until October 1, 2019. EBCE’s generation data is a forecast for 2018. Actual 2018 generation data will be reported to the California Energy Commission in 2018. The figures above may not sum up to 100 percent due to rounding.

**Unspecified sources of power refers to electricity that is not traceable to a specific generating facility, such as electricity traded through open market transactions. Unspecified sources of power are typically a mix of all resource types, and may include renewables.
