

PG&E - SVCE Joint Rate Comparisons

As a part of our mutual commitment to support your energy choice, SVCE and PG&E have partnered to create a comparison of our typical electric rates, average monthly charges and generation portfolio contents. Below you will find a representative comparison of our rates, average monthly bills and power generation portfolio content based on customer class. To find your specific electric rate, please scroll down to your rate plan to view the rate and bill comparisons.

Definitions

Generation Rate is the cost of creating electricity to power your home or business. The generation rate varies based on your energy provider and the resources included in your energy provider's generation supply.

PG&E Delivery Rate is a charge assessed by PG&E to deliver electricity to your home or business. The PG&E delivery rate depends on your electricity usage, but is charged equally to both SVCE and PG&E customers.

PG&E PCIA/FF represents the Power Charge Indifference Adjustment (PCIA) and the Franchise Fee surcharge (FF). The PCIA is a charge to recover PG&E's costs for generation resources that are currently above the market rate. These resources were committed to prior to a customer's switch to a third-party electric generation provider. PG&E acts as a collection agent for the Franchise Fee surcharge. This fee is imposed by cities and counties in PG&E's service territory for all customers. The costs for resources included in the PCIA and FF surcharges are included in the generation rate for PG&E bundled service customers.

Where Do I Find My Electric Rate Schedule?

Need some help finding your electric rate? Go to the "Electric Delivery Charges" section of your energy statement - you'll find your electric rate in the upper left.

Details of Electric Monthly Charges

Additional Messages

PLEASE NOTE: You are enrolled in a Tiered rate plan where the price of energy increases based on the amount of energy used. Effective June 1, your rate plan will be simplified and the number of tiers will be reduced from 4 to 3. Your Energy Statements for June and July will still include 4 tiers, but the price per kWh for tiers 2 and 3 will be the same. In August 2016, our Energy Statement will begin displaying only 3 tiers. For more information please visit: www.pge.com/tierchange

- 1. Rate Schedule.** This identifies which rate plan the customer is on.
- 2. Generation Credit.** This is the amount that PG&E would have charged for Electric Generation. This amount is always a credit for CCA customers.
- 3. Power Charge Indifference Adjustment.** This fee is required of most customers enrolled in a third party, such as CCA. It is a charge to recover above-market costs for generation resources acquired prior to a customer's switch to a third-party electric generation provider.
- 4. Total PG&E Delivery Charges.** This is the sum of PG&E's charges for electric delivery. This includes Generation credit + Power Charge Indifference Adjustment (PCIA) + Franchise Fee Surcharge.
