To reduce the risk of wildfires and keep our communities safe, PG&E is undergrounding 350 miles of distribution lines across our service area in 2023. Undergrounding is one of many layers of protection that PG&E uses to keep our customers and hometowns safe. The map below shows the approximate locations of recently complete or forecast projects for 2023, as well as areas we have identified for potential work in 2024-2026. Forecast miles include areas that are in any stage of the planning process and projects are subject to change.

**2023 COMPLETE/FORECAST**
Approx. 69 MILES

**2024 FORECAST**
0 MILES

**2025-2026 FORECAST**
0 MILES

*Extended forecast does not include all planned work and has a higher potential for changes.
