I. Overview

A. Overview

Pacific Gas and Electric Company (“PG&E”) is issuing the September 2018 Bundled RPS Energy Sale Solicitation (“Solicitation”) to solicit bids (“Bids”) from participants (“Participants” or “Bidders”) for bundled Renewable Portfolio Standard (“RPS”) - eligible energy and associated Renewable Energy Credits (“RECs”) (collectively, “Product”) pursuant to a confirmation (“Agreement”). This Solicitation protocol (“Solicitation Protocol”) describes the process by which PG&E seeks, evaluates, and accepts Bids in this solicitation from winning Bidders (“Buyers”).

The Solicitation complies with PG&E’s 2017 RPS Plan, which was approved by the California Public Utilities Commission (“CPUC” or “Commission”) in Decision 17-12-007.

Subject to Bid pricing and other factors in this Solicitation Protocol, PG&E seeks to sell a volume of Product commensurate with Bid prices received. PG&E will utilize a proprietary price curve to determine the volume of Product available for sale at different price points.

PG&E will make all sales according to the terms and conditions set forth in the Agreement. This Solicitation Protocol sets forth the procedures a Bidder must follow in order to participate in the Solicitation. Capitalized terms used in this Solicitation Protocol, but not otherwise defined herein, have the meanings set forth in the Agreement.

B. Bundled RPS Energy Sale Solicitation Communication

PG&E has established the Solicitation website at <http://www.pge.com/rfo> under “September 2018 Bundled RPS Energy Sale Solicitation.” = All Solicitation documents, information, announcements and questions and answers will be posted and available to Bidders at the Solicitation website.

To promote accuracy and consistency of the information provided to all Bidders, PG&E encourages Bidders to submit any inquiries via e-mail to RECSolicitations@pge.com for matters related to the Solicitation. With respect to matters of general interest raised by any Bidder, PG&E may, without reference to the specific Bidder raising such matter or initiating the inquiry, post the questions and responses on its website. PG&E may, in its sole discretion, decline to respond to any email or other inquiry.

Any exchange of material information regarding this Solicitation between Bidder and PG&E must be submitted to both PG&E, RECSolicitations@pge.com, and the Independent Evaluator (“IE”), arroyosecoconsulting@gmail.com. The IE is an independent, third party evaluator who is required by CPUC Decision 04-12-048 to ensure this Solicitation is conducted in a reasonable and neutral manner.

C. Schedule

The Solicitation schedule is subject to change to conform to any CPUC requirements but otherwise is at the discretion of PG&E. PG&E will post any schedule changes on PG&E’s Solicitation website. Also, as further described below, Bidders may register at PG&E’s RFO website to receive notice of these and other Solicitation changes by electronic mail. PG&E will have no liability or responsibility to any Bidder for any change in the schedule or for failing to provide notice of any change.

E. Disclaimers for Rejecting Bids and/or Terminating this Solicitation

This Solicitation does not constitute an offer to sell and creates no obligation to execute any Agreement or to enter into a transaction under an Agreement as a consequence of the Solicitation. PG&E shall retain the right at any time, at its sole discretion, to reject any Bid on the grounds that it does not conform to the terms and conditions of this Solicitation and reserves the right to request information at any time during the Solicitation process.

PG&E retains the discretion, subject to, if applicable, the approval of the CPUC, to: (a) reject any Bid for any reason, including but not limited to the basis that a Bid is the result of market manipulation or is not cost-competitive or any other applicable reason; (b) modify this Solicitation and the form Agreement as it deems appropriate to implement the Solicitation and to comply with applicable law or other decisions or direction provided by the CPUC; and (c) terminate the Solicitation should the CPUC not authorize PG&E to sell the Product in the manner proposed in this Solicitation. In addition, PG&E reserves the right to either suspend or terminate this Solicitation at any time if such suspension is required by or with the approval of the CPUC. PG&E will not be liable in any way, by reason of such withdrawal, rejection, suspension, termination or any other action described in this Solicitation Protocol to any Bidder, whether submitting a Bid or not.

II. Solicitation Product and Goals

PG&E is seeking to sell Product with the exact volume to be determined based on the price of bids received.

A. Product Attributes

1. Bundled RPS-eligible energy and associated RECs from resources in PG&E's portfolio.
2. Price: NP15, SP15, and/or ZP26 Index + REC Price to be specified by Buyer.
3. Location: Energy deliveries at NP15 Trading Hub, SP15 Trading Hub and/or ZP26 Trading Hub.
4. Delivery Term: 2019 and 2020.

III. Evaluation Criteria

PG&E will evaluate Bids using the evaluation criteria outlined below. PG&E will evaluate Bids for each delivery year independently, which may result in the selection of Bids for non-consecutive delivery years from one Bidder.

A. Quantitative Evaluation

For Bids in the Solicitation, PG&E will consider Price offered as the sole quantitative criterion.

B. Qualitative Evaluation

For the Solicitation, PG&E may apply a qualitative adjustment factor for counterparties that have acceptable credit with PG&E and minimize proposed edits to the form of Agreement.

1. Credit

PG&E may consider the Participant's capability to perform all of its financial and financing obligations under the Agreement and PG&E's overall credit concentration with the Participant or its banks, including any of Participant's affiliates.

NOTE: PG&E will consider alternatives to the standard credit terms in PG&E's Agreement (Attachment B) for rate setting authorities.

2. Agreement Modifications

PG&E may assess the materiality and cost impact of any of Participant's proposed modifications to the Agreement. PG&E has a preference for standardized Agreements. Participants are strongly encouraged to offer pricing for conforming products consistent with PG&E's Agreement (Attachment B) with minimal or no proposed changes. To the extent possible, PG&E requests Bidders limit edits to the Agreement to the following sections:

- Quantity
- Green Attributes Price
- Energy Delivery Period
- Credit Terms

3. Other Qualitative Considerations

In addition to the criteria specifically listed above, PG&E may consider other qualitative factors that could impact the value of Bids, including, but not limited to: previous adverse commercial experience between PG&E and Participant; Participant concentration; and existence of an acceptable EEI Master Agreement between PG&E and Participant.

The California Secretary of State website is located at <https://businesssearch.sos.ca.gov/>.

V. Confidentiality

No Bidder shall collaborate on or discuss with any other Bidder or potential Bidding strategies, the substance of any Bid(s), including without limitation the price or any other terms or conditions of any Bid(s), or whether PG&E has Selected Bids or not.

All information and documents in Bidder’s Package that have been clearly identified and marked by Bidder as “Proprietary and Confidential” on each page on which confidential information appears shall be considered confidential information. PG&E shall not disclose such confidential information and documents to any third parties except for PG&E’s employees, agents, counsel, accountants, advisors, or contractors who have a need to know such information and have agreed to keep such information confidential and except as provided otherwise in this section. In addition, Bidder’s Package will be disclosed to the IE.

Notwithstanding the foregoing, it is expressly contemplated that the information and documents submitted by Bidder in connection with this Solicitation, including Bidder’s confidential information, may be provided to the CPUC, its staff, and the Procurement Review Group (“PRG”), and established pursuant to Decision 02-08-071. PG&E retains the right to disclose any information or documents provided by Bidder to the CPUC, the PRG, in the advice letter filing or in order to comply with any applicable law, regulation, or any exchange, control area or California Independent System Operator (“CAISO”) rule, or order issued by a court or entity with competent jurisdiction over PG&E at any time even in the absence of a protective order, confidentiality agreement, or nondisclosure agreement, as the case may be, without notification to Bidder and without liability or any responsibility of PG&E to Bidder. PG&E cannot ensure that the CPUC will afford confidential treatment to Bidder’s confidential information, or that confidentiality agreement or orders will be obtained from and/or honored by the PRG, the California Energy Commission (“CEC”), or the CPUC. By submitting a Bid, Bidder agrees to adhere and be bound by the confidentiality provisions described in this section.

The treatment of confidential information described above shall continue to apply to information related to Selected Bids.

VI. Procurement Review Group Review

Following completion of the evaluation and rankings of Bids, PG&E will submit the results of the evaluation and its recommendations to its PRG members. PG&E will consider any alternative recommendations proposed by the PRG. PG&E, in its sole discretion, shall determine whether any alternatives proposed by the PRG should be adopted. PG&E has no obligation to obtain the concurrence of the PRG with respect to any Bids.

PG&E assumes no responsibility for the actions of the PRG, including actions that may delay or otherwise affect the schedule for this Solicitation, including the timing of the selection of Bids and the obtaining of Regulatory Approval.

VII. Regulatory Approval

After Agreement execution, PG&E is required to submit executed Agreements to the CPUC for approval via an advice letter filing.

The effectiveness of any executed Agreement is expressly conditioned on PG&E's receipt of final and non-appealable CPUC approval of such Agreement ("Regulatory Approval").

VIII. Dispute Resolution

Except as expressly set forth in this Solicitation Protocol, by submitting a Bid, Bidder knowingly and voluntarily waives all remedies or damages at law or equity concerning or related in any way to the Solicitation, the Solicitation Protocol and/or any attachments to the Solicitation Protocol ("Waived Claims"). The assertion of any Waived Claims by Bidder may, to the extent that Bidder's Package has not already been disqualified, automatically disqualify such Bid from further consideration in the Solicitation.

By submitting a Bid, Bidder agrees that the only forums in which Bidder may assert any challenge with respect to the conduct or results of the Solicitation is through the Alternative Dispute Resolution ("ADR") services provided by the CPUC pursuant to Resolution ALJ-185, August 25, 2005. The ADR process is voluntary in nature, and does not include processes, such as binding arbitration, that impose a solution on the disputing parties. PG&E will consider the use of ADR under the appropriate circumstances. Additional information about this program is available on the CPUC's website at the following link: www.cpuc.ca.gov/PUBLISHED/Agenda_resolution/47777.htm.

Participant further agrees that other than through the ADR process, the only means of challenging the conduct or results of the Solicitation is a protest to an Advice Letter Filing seeking approval of one or more Agreements entered into as a result of the Solicitation, that the sole basis for any such protest shall be that PG&E allegedly failed in a material respect to conduct the Solicitation in accordance with this Solicitation Protocol, and the exclusive remedy available to Bidder in the case of such a protest shall be an order of the CPUC that PG&E again conduct any portion of the Solicitation that the CPUC determines was not previously conducted in accordance with the Solicitation Protocol. Bidder expressly waives any and all other remedies, including, without limitation, compensatory and/or exemplary damages, restitution, injunctive relief, interest, costs, and/or attorney's fees.

Unless PG&E elects to do otherwise in its sole discretion during the pendency of such a protest or ADR process, the Solicitation and any related regulatory proceedings related to the Solicitation, will continue as if the protest had not been filed, unless the CPUC has issued an order suspending the Solicitation or PG&E has elected to terminate the Solicitation.

Bidder agrees to indemnify and hold PG&E harmless from any and all claims by any other Bidder asserted in response to the assertion of a Waived Claim by Bidder or as a result of a Bidder's protest to an advice letter filing with the CPUC resulting from the Solicitation.

Except as expressly provided in this Solicitation Protocol, nothing herein including Bidder's waiver of the Waived Claims as set forth above, shall in any way limit or otherwise affect the rights and remedies of PG&E. Nothing in this Solicitation Protocol is intended to prevent any Bidder from informally communicating with the CPUC or its staff regarding this solicitation.

IX. Termination of the Solicitation-Related Matters

PG&E reserves the right at any time, in its sole discretion, to terminate the Solicitation for any reason without prior notification to Bidders and without liability to, or responsibility of, PG&E or anyone acting on PG&E's behalf. Without limitation, grounds for termination of the Solicitation may include the assertion of any Waived Claims by a Bidder or a determination by PG&E that, following evaluation of the Bids, there are no Bids that meet the requirements of this Solicitation.

PG&E reserves the right to terminate further participation in this process by any Bidder, to accept any Bid or to enter into any Agreement, and to reject any or all Bids, all without notice and without assigning any reasons and without liability to PG&E or anyone acting on PG&E's behalf. PG&E shall have no obligation to consider any Bids.

In the event of termination of the Solicitation for any reason, PG&E will not reimburse Bidder for any expenses incurred in connection with the Solicitation. PG&E shall have no obligation to reimburse any Bidder's expenses regardless of whether such Bidder's Package is selected, not selected, rejected or disqualified. Unless earlier terminated, the Solicitation will terminate automatically upon the execution of one or more Agreements by Participants with Selected Bids. In the event that no Agreements are executed, then the solicitation will terminate automatically on November 30, 2018.

X. Bidder's Representations and Warranties

1. By submitting a Bid and clicking "Yes" to the "Acknowledgment of Protocol" section of the Bid Form, Bidder agrees to be bound by the conditions of the Solicitation, and makes the following representations, warranties, and covenants to PG&E, which representations, warranties, and covenants shall be deemed to be incorporated in their entirety into each of Bidder's Package. Bidder agrees that an electronic signature of a duly authorized representative of Bidder shall be the same as delivery of an executed original document for purposes of the Bid Form.
