Contract Opportunity Title: Electrification Pilot for Five San Joaquin Valley Disadvantaged Communities: Third Party Administration and Implementation

Work Location: 5 Pilot communities in the San Joaquin Valley (Alpaugh, Fairmead, Lanare, La Vina, Le Grand)

Deadline: 04-05-2019 3pm Pacific Time

Contract Opportunity Description:

Background:
Pacific Gas and Electric Company (PG&E), incorporated in California in 1905, is one of the largest combination natural gas and electric utilities in the United States. Based in San Francisco, the company is a wholly owned subsidiary of PG&E Corporation.

There are approximately 20,000 employees who carry out PG&E’s primary business—the transmission and delivery of energy. The Company provides natural gas and electric service to approximately 14 million people throughout a 70,000-square-mile service area in northern and central California. Our customers include over 20,000 schools, 3,000 hospitals, 20,000 high-tech companies and 700 military facilities. As the primary gas and electric service provider for Central and Northern California, PG&E has impressive size and territory that stretches from Eureka to Bakersfield and from the Pacific Ocean to the Sierra Nevada. PG&E provides electricity to over 4.9 million customers and gas to over 3.9 million customers. PG&E is determined to expand opportunities which enhance our commitment to diversity, safety, environmental stewardship, and corporate integrity.

Contract Opportunity Description:

PG&E will conduct an RFP with firms to administer and implement electrification pilots in five communities in the San Joaquin Valley: Alpaugh Census Designated Place (CDP), Fairmead CDP, Lanare CDP, La Vina CDP and Le Grand CDP. These communities are identified as San Joaquin Valley Disadvantaged Communities (SJV DAC) and these pilots are approved as part of the California Public Utilities Commission’s (CPUC’s) Rulemaking 15-03-010, also known as the SJV DAC Proceeding. Additional information on this proceeding is available here: http://www.cpuc.ca.gov/SanJoaquin/

The scope and organization of this RFP will be pursuant to CPUC Decision 18-12-015 as corrected in Decision 19-02-030. Links to both decisions and other documents associated with the SJV DAC Proceeding can be found at the bottom of this CPUC announcement: http://docs.cpuc.ca.gov/PublishedDocs/Published/G000/M250/K547/250547876.PDF.

Pursuant to D.18-12-015, this RFP is to be held on behalf of the CPUC, and the CPUC’s Energy Division will make the final selection. Also pursuant to D.18-12-015, bidders must commit to participation in a future Community Solar Green Tariff RFP for solar projects serving these SJV DAC Pilot communities. Additional information on the Community Solar Green Tariff Program can be found here: http://docs.cpuc.ca.gov/PublishedDocs/Published/G000/M216/K789/216789285.PDF.

The successful bidder may bid individually or with specified subcontractors, with expertise in residential energy program management, purchase and installation of residential energy efficiency measures and appliances, remediation of substandard housing, workforce education and training, and solar project development. Successful bidders will have experience managing complex projects and coordinating work across multiple teams and existing residential energy programs. Demonstrated success in the San Joaquin Valley region and with low-income populations is also strongly desired.
Supply Chain Responsibility Requirements
The selected bidder will be responsible for complying with PG&E’s Supply Chain Responsibility policies and procedures. The bidder will provide a detailed description of their internal, specific, supply chain responsibility program and practices.

Other Requirements
Compliance with PG&E Contractor, Consultant, and Supplier Code of Conduct which can be reviewed at: http://www.pgecorp.com/aboutus/ethics_compliance/con_con_ven/index.shtml

Refrain from directly supporting or collaborating with any PG&E competitors. A “PG&E Competitor” means any public and private entity (including but not limited to state and local agencies) that alone or in association with others, delivers, distributes, sells and/or transmits electricity and/or gas products or other energy services within PG&E’s service area (Exhibit 1).

Required steps to be considered for participation:
Suppliers interested in participating in this RFP must:

- Communicate their interest by registering for the Power Advocate event at: https://www.poweradvocate.com/pR.do?okey=90797&pubEvent=true by, 4/05/2019 at 3 PM Pacific.
- Once registered follow directions to participate in pre-qualification

The administrator for this bid will be Jennifer Price, Category Lead Expert, PG&E Email: Jennifer.Price@pge.com
