SUPPORT

Help your patients save money and stay safe

PG&E's **Medical Baseline Program** supports people who depend on power for certain medical conditions and provides them with a lower rate on their monthly energy bill. In addition PG&E sends program participants extra notifications in advance of a Public Safety Power Shutoff so they can plan ahead to keep their life-saving devices powered.

REBATES

Save on Ultra-Low Temperature (ULT) Freezers

With approved COVID-19 vaccines requiring subzero temperatures to maintain stability, reduce your investment on new freezers with our enhanced rebates, **\$1,000 - \$1,300** per unit measure.

[Start saving »](#)

NORMALIZED METER ENERGY CONSUMPTION (NMEC)

Retrofitting with meter-based energy efficiency

PG&E's **Commercial Whole Building Program** brings the benefits of meter-based energy efficiency measurement known as NMEC to your retrofit projects. With our program you can better track savings and support economic goals.
