

**KEY:**

PG&E's Proposed Resource Management Measures (Existing measures indicated)		Comments
<b>GENERAL</b>		
1.	Train Employees Annually	Project Wide
2.	Consult with Forest Service Annually	Project Wide
3.	Review and Assess New Special-status Species Annually	Project Wide
<b>GEOLOGY AND SOILS</b>		
4.	Develop and Implement Project Transportation System Management Plan	Not-site specific
5.	Develop and Implement Round Valley Dam Spillway Stabilization Plan	See Map
6.	Develop and Implement Project Canal Maintenance and Inspection Plan	See Map
<b>WATER USE AND QUALITY</b>		
7.	Install and Maintain New Gages	See Map
8.	Monitor Water Quality in Receiving Stream During Canal Cleaning	See Map
9.	Develop and Implement Hazardous Substance Plan	Not Site-Specific
<b>AQUATIC RESOURCES</b>		
10.	Develop and implement a Canal Fish Rescue Plan	See Map
11.	Fund CDFG for Fish Stocking in Project Vicinity (Existing)	See Map
12.	Maintain Minimum Pool at Philbrook Reservoir (Existing)	See Map
<b>WILDLIFE RESOURCES</b>		
13.	Consult with CDFG Prior to Replacing or Retrofitting Deer Canal Escape Ramps	See Map
14.	Monitor Animal Loss in Project Canals	See Map
<b>BOTANICAL RESOURCES</b>		
15.	Develop and Implement a Vegetation Management Plan	Not Site Specific
16.	Develop and Implement an Invasive Plants Management Plan	Not Site Specific
17.	Develop and Implement a Fire Protection and Response Plan	Not Site Specific
<b>SPECIES PROTECTED UNDER FEDERAL ESA</b>		
18.	Implement a Minimum Stream Flow Release Schedule	See Map
19.	Develop and Implement a DeSabra Forebay Water Temperature Improvement Plan	See Map
20.	Develop and Implement a Facility Monitoring, Maintenance and Refurbishment Plan	Not Site-Specific
21.	Develop and Implement a Long-Term Operations Plan	Not Site-Specific
22.	Monitor Butte Creek Central Valley Spring-Run Chinook Salmon Populations	See Map
23.	File Annual Reports	Not Site-Specific
24.	Protect VELB	Not Site-Specific
<b>RECREATION RESOURCES</b>		
25.	Develop and Implement a Philbrook Reservoir and DeSabra Forebay Recreation Facilities Operations Plans	See Map
26.	Develop and Implement a Recreation Facilities Rehabilitation and ADA Upgrade Plan at Existing Philbrook Reservoir and DeSabra Forebay Recreation Facilities	See Map
27.	Develop and Implement a Project Information and Sign Plan	Not Site-Specific
28.	Obtain Public Access to DeSabra Powerhouse and Miocene Diversion Dam Impoundment	See Map
29.	Make Stream Flow Information Available to the Public	Not Site-Specific
<b>LAND USE</b>		
30.	Remove Lake Tenders House and Other Structures No Longer Needed	Not Site-Specific
<b>AESTHETICS</b>		
31.	Consult with Forest Service When Painting/Reconstructing Facilities	Not Site-Specific
32.	Maintain Improvements and Premises on NFS Land	Not Site-Specific
<b>CULTURAL AND TRIBAL</b>		
33.	Implement an Historic Properties Management Plan	Not Site-Specific
