On June 11, the California Public Utilities Commission conditionally approved PG&E’s 2020 Wildfire Mitigation Plan. The plan expands and enhances the Community Wildfire Safety Program (CWSP) designed to address the growing threat of extreme weather and wildfires across PG&E’s service area.

**COMUNITY WILDFIRE SAFETY PROGRAM STATUS**

### System Hardening
- Installing stronger poles, covered lines and/or targeted undergrounding
- **157 MILES**
- **65% HARDENED**
- 241 TOTAL MILES BY 12/31/20

### Enhanced Vegetation Management
- Meeting and exceeding state vegetation and safety standards
- **1,557 MILES**
- **86.5% COMPLETED**
- 1,800 TOTAL MILES BY 12/31/20

### High-Definition Cameras
- Improving our ability to monitor and respond to wildfires
- **115 CAMERAS**
- **57.5% INSTALLED**
- 200 TOTAL CAMERAS BY 12/31/20

### Weather Stations
- Enhancing the ability to predict and respond to severe weather
- **253 STATIONS**
- **63% INSTALLED**
- 400 TOTAL STATIONS BY 12/31/20

### Sectionalizing Devices
- Separating the distribution grid into smaller parts
- **603 DEVICES**
- **102% OPERATIONAL**
- 592 TOTAL DEVICES BY 9/1/20

### Transmission Line Switches
- Installing line switches to redirect power and keep communities energized
- **36 SWITCHES**
- **157% INSTALLED**
- 23 TOTAL SWITCHES BY 6/1/20

### Microgrids and Temporary Generation
- Safely energizing customers during a PSPS event

#### Temporary Microgrids
- **11 DESIGN COMPLETE**
- **4 CONSTRUCTION IN PROGRESS**
- **4 CONSTRUCTION COMPLETE**

Targeting additional microgrids operationalized in 2020

#### Substation Temporary Generation Readiness
- **59 SITES**
- **95% READY**
- 62 TOTAL LOCATIONS BY 9/21/20

### Table: Total Generation Reserved

<table>
<thead>
<tr>
<th>Description</th>
<th>Megawatts Reserved</th>
</tr>
</thead>
<tbody>
<tr>
<td>Temporary Microgrids and Substations: Enables portions of the electric grid to be quickly isolated from the larger grid and connected to backup power.</td>
<td>392 Mw</td>
</tr>
<tr>
<td>Community Resource Center and Backup Power Support: Provides backup generation for PG&amp;E’s Community Resource Centers and certain critical facilities (i.e. hospitals with ICUs, facilities supporting public safety, vote tabulation centers and other facilities being used for COVID-19 response) if their backup systems fail before or during an event.</td>
<td>67 Mw</td>
</tr>
<tr>
<td>Total Generation Reserved</td>
<td>458 Mw</td>
</tr>
</tbody>
</table>

1 Mw typically serves approximately 750 homes

Some of the changes included in this document are contemplated as additional precautionary measures intended to further reduce the risk of wildfires. 09/15/2020
