Rev. 110818

Diablo Canyon Decommissioning Engagement Panel Meeting

Date/Time: 11-14-18 / 6:00 PM – 9:30 PM  
Facilitator: Chuck Anders

Meeting Location: 1055 Monterey Street, SLO; County Government Offices  
Recorder: TBD

Webcast: SLO-SPAN Channel 21  
TV Broadcast: Channel 21 (Charter)

Purpose: Present the Panel’s preliminary recommendations on the Decommissioning Processes, Decommissioning Funding, Future Use of Lands and Facility Repurposing. The Panel will also discuss the report preparation schedule and the opportunity for public comment on their recommendations. Additionally, the Panel will present and discuss their proposed 2019 meeting and topic schedule and will receive public comment and provide direct input to PG&E on behalf of the local community.

Desired Outcomes: By the end of today’s meeting, the panel will:
- Review Preliminary Recommendations on the Decommissioning Process, Decommissioning Funding, Future Use of Lands and Facility Repurposing;
- Review the Panel’s report preparation schedule and opportunities for public input;
- Review the 2019 Panel meeting schedule and associated decommissioning topics;
- Review public outreach metrics;
- Receive and discuss public comment;
- Prepare for spend fuel storage topic at next Panel meeting and;
- Record actions and evaluate the meeting.

| 1.     | Open house poster session with Q&A (25 min) | • Inform  
• Discuss  
• Record comments | All | 6:00 PM (25) |
| 2.     | Break |  | All | 6:25 PM (5) |
| 3.     | Panel Meeting Start |  | All | 6:30 PM |
| 4.     | Safety Minute (911, AED, CPR) | • Consensus | PG&E | 6:30 PM (2) |
| 5.     | PG&E welcome and project update. | • Present | Franke | 6:32 PM (8) |
| 6.     | Review meeting agenda, introduce meeting topic, and review desired outcomes (Public comment window closes at 8:10 PM) | • Present | Anders | 6:40 PM (5) |
| 7.     | Overview of Panel report structure and preparation schedule | • Present | Seeley | 6:45 PM (5) |
| 8.     | Preliminary Decommissioning Process Recommendations | • Present  
• Discussion | Mecham | 6:50 PM (10)  
7:00 PM (10) |
| 9.     | Preliminary Decommissioning Funding Recommendations | • Present  
• Discussion | Baldwin | 7:10 PM (10)  
7:20 PM (10) |
| 10.    | Preliminary Land Use Recommendations | • Present  
• Discussion | Bellman | 7:30 PM (10)  
7:40 PM (10) |
| 11.    | Preliminary Facility Repurposing Recommendations | • Present  
• Discussion | Brown | 7:50 PM (10)  
8:00 PM (10) |
| 12.    | Break |  |  | 8:10 PM (10) |
| 13.    | Review public comments and metrics | • Present | Anders | 8:20 PM (5) |
| 14.    | Public comment | • Discuss  
• Record | All | 8:25 PM (40) |
| 15.    | Panel observations and discussion | • Discuss  
• Record | Panel | 9:05 PM (15) |

Overview

Linda Seeley
Diablo Canyon Decommissioning Engagement Panel
Panel Member Selection

- February – PG&E requests interested persons to apply for Panel
- April – Formation Committee reviews applications and makes recommendations to PG&E
- May 1 – PG&E announces Panel members
- May 11 – Orientation Tour of Facilities and Lands
Panel Meetings and Activities

- May 30 – First Public Panel Meeting
  - Present Adopted Charter
  - Schedule Decommissioning Topics to discuss in 2018
- June 26 – Decommissioning Process
- July 25 – Decommissioning Funding
- August 17 & 18 – Lands Workshops
- August 29 – Lands
- September 14 & 15 – Facility Repurposing Workshops
- September 26 – Repurposing Facilities
- October 24 – Emergency Planning
- November 14 – Panel Recommendations
- December – Submit Recommendations to PG&E and CPUC
2019 Activities

Panel Meetings

• February – Workshops on Spent Fuel Storage
• March 13 – Spent Fuel Storage
• June 12 – Economic Impacts of Decommissioning
• September 18 – TBD
• November 13 – TBD
Vision, Goals and Activities

- Vision - A short, simple overview of the desired outcome.
- Goal - A more detailed description of the desired outcome or outcomes for a decommissioning topic, asset or group of assets.
- Activities - A list of specific measurable activities to achieve the desired goal
2018 Panel Recommendations

Background Documents and Materials

- **Maps/Graphics**
  - Simplified Decommissioning Timeline
  - Decommissioning Trust Fund graphic
  - Fee and Leasehold Interests at DCPP
  - Parcel P with existing Facilities
  - Site Overview – Diablo Canyon Properties
  - County Land Use Category Map including Coastal Zone
  - General Area Parcel Ownership and Transmission Lines
  - Map of potential coastal trail and interior trail alignment (ALC map)

- **Other Information**
  - Language of DREAM initiative results of voting
  - All public comments made to the DCDEP
  - Information about entities that made workshop presentations
  - Information about entities that made public meeting presentations
  - Summaries of public meetings
  - Summaries of public workshops
Public Comment

- November 14 - Present vision statements
- November 19 - Post preliminary Vision, Goals and Activities document and comment form on Panel website
- November 30 - Deadline for public to submit comments
- December 12 - Panel adopt final report
Discussion
Decommissioning Process

Frank Mecham
Diablo Canyon Decommissioning Engagement Panel
Decommissioning Process

Vision Statements

• The decommissioning (decontamination) process should begin immediately upon shutdown - avoid SAFSTOR (which allows up to 60 year delay in decontamination)

• The decommissioning process should be timely, cost effective and efficient

• The health, safety and well-being of the local community should be ensured before, during and after decommissioning
The CPUC should continue the DCDEP at a minimum, through the pre-planning decommissioning phase of the decommissioning process.

The CPUC should contemplate the potential establishment of either a successor entity to the DCDEP or augmenting the technical capabilities of the DCDEP during the project execution phase of the decommissioning process that could include technical experts, elected officials, labor, tribal, community and environmental representatives, to address future community planning and regulatory issues, if determined to be necessary.
Discussion
Decommissioning Funding

David Baldwin
Diablo Canyon Decommissioning Engagement Panel
2015 NDCTP Filing

- Diablo Canyon Decommissioning Engagement Panel

Bar chart showing:
- Diablo Canyon Approved Estimate: ~$2.5B
- SONGS Approved Estimate: ~$4.4B
- Diablo Canyon Requested Estimate: ~$4.2B
Vision Statements

• The development of all decommissioning costs and decisions should be transparent to ratepayers and the community

• The most cost-effective methods for decommissioning should be researched by PG&E in order to save ratepayers money, while assuring that the safety of the community and the environmental quality of the area is not compromised

• The existing Diablo Canyon trust fund should be protected and preserved to assure that it remains stable and sufficient in order to adequately finance decommissioning
The sale of assets acquired through ratepayer assessments could be used to offset decommissioning costs.

The uncontaminated facilities and infrastructure of the DCPP should be repurposed where feasible, while assuring that the safety of the community and the environmental quality of the area is not compromised.
Discussion
Lands

Dena Bellman
Diablo Canyon Decommissioning Engagement Panel
Vision Statements

• The 12,000 acres of Diablo Canyon Lands surrounding the DCPP are a precious treasure and a spectacular natural resource that should be preserved, in perpetuity, for the public and for future generations.

• The public should be ensured access to the Diablo Canyon Lands to the greatest extent possible, while protecting and preserving sensitive habitats, cultural sites and other resources.

• The preservation of sacred Native American sites should be assured.
The request for land ownership and federal recognition by the local Native American community should be recognized as legitimate, while at the same time considering the overwhelming public testimony that the Diablo Canyon Lands be conserved and available to the public for limited use.

The conservation activities on Diablo Canyon Lands should be coordinated with owners of other protected properties in the Irish Hills region, including State Parks, the US Bureau of Land Management, the Land Conservancy of San Luis Obispo County, and the City of San Luis Obispo.
Vision Statements (cont’d)

• The use of Diablo Canyon Lands should be consistent with the safe, secure and monitored storage of spent nuclear fuel until such time as it is removed from the site.
Discussion
Facility Repurposing

Lauren Brown
Diablo Canyon Decommissioning Engagement Panel
Facility Repurposing

Vision Statements

• The maintenance of non-contaminated facilities on site for repurposing should be explored by PG&E

• The repurposing of facilities should be consistent with the safety and security of the spent fuel storage until such time as it is removed from the site

• The repurposing of facilities should include thorough and complete removal of all radiological contamination
Vision Statements (cont’d)

- The repurposing of facilities should consider whether a use can be sustained over time, public safety, community traffic concerns and the continued environmental quality of the region.

- The repurposing of facilities should consider the conservation of the breakwaters and associated harbor area and the intake and discharge coves and associated marine terraces, to assure the protection of the ecological resources of the area.

- The repurposing of facilities should only include land associated with Parcel P that is developed and necessary for a buffer of ongoing decommissioning activities.
Discussion
Thank you
