

DIABLO CANYON DECOMMISSIONING ENGAGEMENT PANEL

APPLICATION FORM

Members of the Diablo Canyon Decommissioning Engagement Panel and Pacific Gas and Electric Company (PG&E) invite members of the communities surrounding Diablo Canyon Power Plant (DCPP) to submit an application to join the Panel focused on the future closure and decommissioning of DCPP.

The Panel is a volunteer, non-regulatory body focused on enhancing and fostering open communication, public involvement, and education on DCPP decommissioning plans and activities. It is intended to serve as a forum for local community members to provide direct input to PG&E, and inform regulatory agencies and other stakeholders on matters related to DCPP decommissioning. Panel members work directly with PG&E representatives and other key community stakeholders.

Public Panel meetings occur quarterly and are moderated by the Panel's facilitator, [Chuck Anders](#). Public open house meetings are held as-needed around regulatory milestones.

Initially, PG&E will provide some site-specific training and educational opportunities for Panel members so that they are knowledgeable and prepared to engage on DCPP decommissioning-related topics in public venues.

PANEL MEMBERS ARE ENCOURAGED TO:

- Participate openly and honestly in panel activities for effective two-way communication between the community and PG&E on issues associated with DCPP decommissioning planning.
- Be informed about community views on DCPP decommissioning issues so that they can provide both individual views and, where possible, the range of collective views for the stakeholder groups of which they are aware.
- Help to provide information to and feedback from stakeholder groups and the general community, where appropriate, and seek their input to ensure that a diverse range of views are communicated to PG&E.
- Provide input and advice on the information exchange and communication between PG&E, stakeholder groups and the general community.
- Provide input on elements of the decommissioning planning process.

To apply to become a member of the Panel, please provide the information requested on the following pages by **July 25**. This form is an editable PDF, so please fill it out electronically and then email it to engagementpanel@pge.com.

Elected officials may serve as Ex-Officio members. PG&E employees and their immediate family members are not eligible for participation on the Panel, but are able to participate by attending public meetings.

A formation committee comprised of PG&E representatives and current Panel members not seeking reappointment will review applications and select community members to fill current vacancies on the Panel.

Applicants will be informed of the Formation Committee's selections within **three** weeks of the submission deadline.

For more information, visit diablocanyonpanel.org or pge.com/engagementpanel.

Applicant Name

Address

City

State

Zip

Phone

E-mail

Social Media Profile Info: (Twitter handle, LinkedIn, Instagram, Facebook, Google+)

1. In 150 words or less, state why you would like to participate in the Panel.

2. List any applicable experience that would qualify you for participation in the Panel. For example, you may share a story of your involvement with a complex community issue, or your experience in public office or with a public process. [150 word limit]

3. What is your experience working as a member of a diverse group with common goals? (150 word limit)

4. Please indicate the interests that you feel you best represent and provide a description (may choose more than one):

Owner or resident of property located in San Luis Obispo or Northern Santa Barbara Counties, California

Member of a local civic group or non-governmental organization (non-profits)

Local business community, healthcare, tourism or agriculture

Community member at large

Local government agency (Advisory Committee, CSD, Commission, etc)

Education/Academia

5. Do you participate in groups where people are interested in the decommissioning of Diablo Canyon Power Plant? If yes, please explain. (150 word limit)
6. Are you willing to share information between PG&E and community stakeholders? How would you share it? (Examples may include: Social Media accounts, email newsletters, etc.)
7. Is there anything else that you would like the Formation Committee to consider as part of your application?

Thank you for your interest.
